Satisfaction

The Satisfaction domain reports how well completers feel that their preparation program prepared them for teaching.

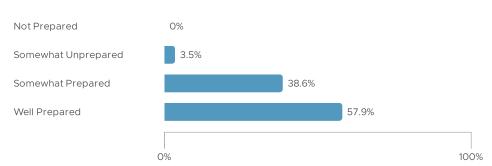

Preparedness from Coursework

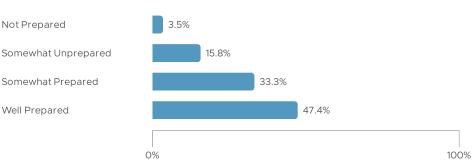

What is this metric?

This metric reports how prepared cohort members felt by their EPP's coursework and program content.

Preparedness from Clinical Experience

Overall Preparedness

What is this metric?

This metric reports how prepared cohort members felt by their clinical experience.

What is this metric?

This metric reports how prepared cohort members felt overall.

Completer Satisfaction

The Tennessee Department of Education monitors completer satisfaction metrics for Educator Preparation Providers (EPPs) across the state. In each scored area, EPPs receive a score and are able to view a comparison to the state average. The black vertical line represents the state average, and the green triangle indicates the scores for FHU's EPP, representing that our scores are above the state average in these metrics.

Please note that these data cycles run two years behind the current school year.
