The Graduate Programs

Samuel T. Jones, Vice President for Academics

After much planning by university personnel, the Board of Trustees approved the expansion of graduate studies to further prepare leaders to meet the challenges of the next century. The offering of graduate studies at Freed-Hardeman University provides higher level educational opportunities within a tradition that has already stood the test of time.

Since June 1989, students have been able to pursue programs leading to the Master of Ministry and the Master of Education degrees. Beginning in the fall semester 1994, graduate programs in New Testament and in Counseling were offered. An Education Specialist degree was added in the fall of 2005. In the fall semester 2005, the Master of Divinity and the Master of Business Administration were offered. Faculty have been carefully selected to teach in these areas, and academic policies have been developed that will insure programs of high quality. Opportunities will be provided to strengthen and extend the preparation of baccalaureate graduates and others seeking further intellectual development.

General Information

Purpose Statement

Freed-Hardeman University is a private institution, associated with churches of Christ, dedicated to moral and spiritual values, academic excellence, and service in a friendly, supportive environment. The purpose of the university is to provide every student an undergraduate or graduate education permeated with these Christian values.

Aims

In accomplishing its purpose, the university pursues the following three aims.

Freed-Hardeman provides higher education with a Christian perspective:

- by recognizing the Bible as the inspired and authoritative Word of God
- by presenting Jesus, the Christ, as the model for personal behavior,
- by viewing each person as a special creation of God, possessing an everlasting soul, with ultimate accountability to God,
- by promoting racial harmony, religious unity, and respect for individual differences through Christian love and biblical teaching, and
- by offering programs, activities, and worship opportunities that strengthen the university community.

Freed-Hardeman provides educational opportunities through excellent undergraduate and graduate programs:

- by employing a qualified, caring Christian faculty,
- by teaching students to be critical thinkers who communicate effectively,
- by offering a balanced education in the liberal arts and sciences as well as specialization in a chosen discipline,
- by offering academic enrichment opportunities to strengthen individual students,
- by equipping students for advanced study and career challenges, and
- by instilling in students a lasting desire for learning.

Freed-Hardeman provides service to the individual, home, church, community, and world:

- by facilitating spiritual, intellectual, social, and physical growth,
- by recognizing the home as the basic unit of society and helping students develop skills for healthy Christian families,

- by encouraging students to love the church and preparing them for active service in a local congregation,
- by offering programs to strengthen and encourage growth of the church, and
- by teaching students to become effective citizens of the local and world communities.

Motto

“Teaching how to live and how to make a living.”

Nature of the Institution

Freed-Hardeman is primarily an undergraduate, residential institution enrolling full-time students of traditional college age who come to Henderson, Tennessee, from the southeast and from more than two-thirds of the United States and from several other countries. There are alumni living in all fifty states and in more than thirty-five other countries. The university also seeks to serve commuting, part-time, and older adult students on-campus and through selected distant learning programs as resources and technology permit. Precollege and lifelong learning programs are offered. The university offers a limited number of master's-level graduate programs as resources, needs, and interest permit, offering advanced preparation for service. Most research is focused on institutional or instructional improvement. Arts, science, and professional degrees are conferred.

The goals of the university can best be pursued when a qualified Christian faculty teaches and inspires students to learn and when all instruction and activities recognize and honor biblical truth and principles. The university is governed by a self-perpetuating board of trustees who are members of churches of Christ and who hold the institution in trust for its founders, alumni, and supporters. Freed-Hardeman, its faculty, and its students receive support from alumni, churches, and other friends and provide a variety of services to businesses, churches, nonprofit organizations, and to the general public.

Freed-Hardeman seeks to provide a liberal arts education for all students primarily through its general education and general degree requirements. Courses are offered by twelve academic departments organized into six schools—Arts and Humanities, Biblical Studies, Business, Education, Sciences and Mathematics, and the Honors College.

History...

Freed-Hardeman University traces its origins to the 1869 charter of the Henderson Male and Female Institute as a high school and college. Through charter revisions and a new charter in 1907, successor institutions on the present campus have been the Henderson Masonic Male and Female Institute, West Tennessee Christian College, Georgie Robertson Christian College, and the National Teachers Normal and Business College. The institution was renamed in 1919 for A.G. Freed, who had earlier served as president and teacher in Georgie Robertson Christian College and was the first president of NTN&BC, and for N.B. Hardeman, who had served as teacher in GRCC and teacher and vice president in NTN&BC.

Freed-Hardeman and its predecessors have prepared teachers since 1870 and ministers since at least 1885. In the early years of the institution, the teacher-training courses were more disciplinary than pedagogical and teacher certification was based on passing subject area examinations. Freed-Hardeman was approved as a teacher training institution at the two-year level by the Tennessee State Board of Education in 1925. Two years of college work, including eighteen hours of education courses, earned students permanent elementary education certifications in Tennessee for several years. State approval was reaffirmed under the newly-adopted state standards in 1952. Institutional and program approval to provide teacher certification in elementary education and in selected secondary education subject areas, beginning with the 1976 graduating class, was granted by the state in February of 1976 after a pilot self-study and state examination of curricula under the standards of the National Association of State Directors of Teacher Education and Certification (NASDTEC). National accreditation of teacher education was granted in 1982, retroactive to 1981. Programs have been resubmitted and reapproved again recently under revised state standards. State board policies developed and implemented in the 1990s reformed and extended teacher preparation, requiring disciplinary rather than professional undergraduate majors. The graduate degree will complement the reduced professional component at the undergraduate level.

Ministerial education, which began to receive specific attention after 1885, was also based on liberal arts and general education—complemented by Bible studies. West Tennessee Christian College, for example,

recommended that those preparing to preach pursue the classical course, which included English, Greek, and Latin languages, literature, mathematics, natural science, and mental and moral science. Continuing education began after 1925 with special short courses for preachers and since 1937 has been offered most notably through the week-long Annual Bible Lectureship. In recent years, summer short courses, extension courses in such fields as counseling and personal evangelism, the summer Christian Training Series, forums for church workers, and special programs for youth ministers have offered lifelong learning opportunities for educators, ministers, Bible teachers, and other church workers.

In 1908, A.G. Freed articulated his aim as president of the National Teachers Normal and Business College. He wanted "to provide a thorough education under the influence of primitive Christianity." The theme of thoroughness can be traced to Freed-Hardeman University's first predecessor, the Henderson Male and Female Institute. Since the 1950s, the university has used the motto, "Teaching how to live and how to make a living." As a senior institution, character, career, and liberal arts education have been pictured as the sides and base of a triangle, which conceptualizes the balanced education that Freed-Hardeman University and its predecessors have sought to offer.

The university has been regionally accredited since 1956. In 1976, Freed-Hardeman University obtained Level II accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools to award baccalaureate degrees. This accreditation was reaffirmed in 1981. Under the leadership of Dr. E. Claude Gardner, president from 1969-1990, graduate degrees, which had been offered by turn-of-the-century predecessors, were reinstituted. In June 1990 the university was accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award master's degrees. Accreditation to offer bachelor's and master's degrees was reaffirmed in June 1991, and again in December 2001.

Location and Facilities...

The university is located in a clean, quiet, West Tennessee county seat town of approximately 5,500 citizens. Henderson is fortunate to have more than adequate educational, medical, protective, and business services and facilities. The county high school is regionally accredited. The university is adjacent to the city and county courthouses and office buildings and the central business district. Light industry is located away from the campus. The campus consists of about 120 acres with twenty-six main buildings.

Programs of Study...

Students may enroll in courses leading to either a **Master of Ministry, Master of Arts in New Testament, Master of Business Administration, Master of Education, or Education Specialist** degree. The Master of Education degree offers majors in Curriculum and Instruction, School Counseling, Administration and Supervision, and in Special Education. Each of these degrees requires 37 semester hours. An advanced degree above the masters level, a 34-hour Education Specialist degree, is offered in the School of Education's graduate program. On June 1, 1997, FHU began offering a 48-hour **Master of Science in Counseling** program and degree. A 36-hour **Master of Business Administration** and an 86-hour **Master of Divinity** were added to the graduate programs of study in the fall of 2005. Scheduling of courses generally accommodates full- and part-time students, including those employed. At least twelve hours of graduate study in each program will be offered in the summer, fall, and spring terms in order to provide the opportunity for full-time students to complete the degrees in a timely fashion. Transient and non-degree seeking students will be accepted on a case-by-case basis. In the spring of 2000 three Graduate Certificate Programs were approved. These Certificate Programs are: Clinical Mental Health Counseling, Counseling for Church Leaders, and Marital and Family Therapy. These Certificate Programs are described under the Masters of Science in Counseling program of study.

Administration of the Graduate Studies Programs...

Dr. Samuel T. Jones, Vice President for Academics, coordinates the graduate studies programs. Policies governing the graduate programs are developed by the Graduate Council. This council is representative of the faculty and functions on a continuous basis. Dr. Elizabeth A. Saunders is Director of Graduate Studies in Education, Dr. Gayle Michael Cravens is Director of Graduate Studies in Counseling, Dr. Earl D. Edwards is Director of Graduate Studies in Bible, and Dr. Thomas W. DeBerry is Director of Graduate Studies in Business. Matters pertaining to graduate teacher education are reviewed and approved by the Teacher Education Committee before being presented to the Graduate Council.

Accreditation and Affiliations...

Freed-Hardeman University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane; Decatur, GA 30033-4097; Telephone number 404-679-4501) to award bachelor's and master's degrees.

National accreditation of the elementary and secondary teacher education programs was granted by the National Council for the Accreditation of Teacher Education in 1982, retroactive to September, 1981. Reaccreditation was granted by NCATE in March, 1992, which included the Master of Education post-baccalaureate program. The Council on Social Work Education accredited the school's bachelor degree social work program in 1981. This was reaffirmed in 1989, in 1997, and most recently in 2004. The Association of Collegiate Business Schools and Programs (ACBSP) accredited the university's undergraduate business program in 1994.

Freed-Hardeman University is an institutional member of the Southern Association of Colleges and Schools, the Tennessee College Association, the Tennessee Independent Colleges Fund, the Tennessee Council of Private Colleges, the Tennessee Association of Colleges for Teacher Education, the American Association of Colleges for Teacher Education, the North American Association of Summer Sessions, and the Associations of Independent Liberal Arts Colleges for Teacher Education (National and State).

Freed-Hardeman University will seriously consider any written student complaints regarding its accreditation status. Each complaint should be sent to the President and will be reviewed by the President and his cabinet of Vice Presidents, and a written response will be prepared and sent to the student. If this does not satisfactorily resolve the concern, the student will be given an opportunity to meet with the President and his cabinet to explore solutions to the concern. The President may choose to invite the Chairman of the Board of Trustees to attend this meeting if circumstances justify the need for the Chairman's presence. A written record of any complaints and responses will be maintained in the President's office for review by accreditation association officials or peer reviewers.

Student Services

You will be expected, as a student at Freed-Hardeman University, to help realize the ideal of a Christian university by contributing to the friendliness, courtesy, and wholesomeness for which the school is known. Institutional Governance

The Board of Trustees is the governing body of Freed-Hardeman University. Through their adoption of fundamental statements of purpose and policy, the board seeks to ensure the accomplishment of the aims of the institution. The President is appointed by the Board of Trustees as the executive officer of the university and is responsible for the operation and development of the university as a whole and for each of its parts.

THE GRADUATE COUNCIL

The Graduate Council is responsible for developing policies on admission, retention, and graduation requirements. The Council reviews the courses of study for each degree and provides suggestions that may strengthen the curriculum. The Vice President for Academics who may teach graduate classes also serves as an ex officio member of the Council.

Each director of a graduate program will serve on the Council as long as he/she remains a director. The two faculty representatives from each program will serve for two years. Replacements will be recommended to the Graduate Council by the faculty who teach in the program and the director. The Graduate Council will vote whether or not to accept the faculty recommended. The chair of the Graduate Council will serve for two years and will be elected by the Council from among the directors of the programs.

TITLE IV REFUND POLICY

The Higher Education Amendments of 1998 changed the formula for calculating the amount of aid a student and school can retain when the student totally withdraws from all classes. Students who withdraw from all classes prior to completing more than 60% of an enrollment term will have their eligibility for aid recalculated based on the percent of the term completed. For example, a student who withdraws completing only 30% of the term will have “earned” only 30% of any Title IV aid received. The remaining 70% must be returned by the school and/or the student. The Office of Business Services encourages you to read this policy carefully. If you are thinking about withdrawing from all classes PRIOR to completing 60% of the semester, you should contact the business office to see how your withdrawal will affect your financial aid.

- 1) This policy shall apply to all students who withdraw, drop out or are expelled from Freed-Hardeman University, and receive financial aid from Title IV funds:
 - a) The term “Title IV Funds” refers to the Federal financial aid programs authorized under the Higher Education Act of 1965 (as amended) and includes the following programs: Unsubsidized FFEL loans, subsidized FFEL loans, FFEL PLUS loans, Federal Direct PLUS loans, Federal Pell Grants, Federal SEOG, Leveraging Educational Assistance Partnership Grants (LEAP).
 - b) A student’s withdrawal date is:

- i) the date the student began the institution's withdrawal process, or officially notified the institution of intent to withdraw; or
 - ii) the midpoint of the period for a student who leaves without notifying the institution; or
 - iii) the student's last date of attendance at a documented academically-related activity.
- 2) Refunds on all institutional charges, including tuition and fees, will be calculated using the institutional refund policy published in the FHU Catalog.
- 3) Title IV aid is earned in a prorated manner on a per diem basis up to and including the 60% point in the semester. Title IV aid and all other aid is viewed as 100% earned after that point in time.
 - a) The percentage of Title IV aid earned shall be calculated as follows:

$$\frac{\text{NUMBER OF DAYS COMPLETED BY STUDENT}}{\text{TOTAL NUMBERS OF DAYS IN TERM*}} = \% \text{ OF TERM COMPLETED}$$

The percent of term completed shall be the percentage of Title IV aid earned by the student.

* *The total number of calendar days in a term of enrollment shall exclude any scheduled breaks of more than five days.*

- b) The percentage of Title IV aid unearned (i.e., to be returned to the appropriate program shall be 100% minus the percent earned.
 - c) Unearned aid shall be returned first by FHU from the student's account calculated as follows:

$$(\text{TOTAL INSTITUTIONAL CHARGES} \times \% \text{ OF UNEARNED AID}) = \text{AMOUNT RETURNED TO PROGRAM(S)}$$

Unearned Title IV aid shall be returned to the following programs in the following order:

- | | |
|-------------------------------|----------------------------------|
| 1. Unsubsidized Stafford Loan | 4. Federal Pell Grant |
| 2. Subsidized Stafford Loan | 5. Federal SEOG |
| 3. Parent Loans | 6. Other Title IV grant programs |
| to Undergraduate Students | |
| (PLUS) | |

Exception: no program can receive a refund if the student did not receive aid from that program.

- d) When the total amount of unearned aid is greater than the amount returned by FHU from the student's account, the student is responsible for returning unearned aid to the appropriate program(s) as follows:

- | | |
|--------------------------------|------------------------------------|
| 1. Unsubsidized Stafford Loan* | 4. Federal Pell Grant** |
| 2. Subsidized Stafford Loan* | 5. Federal SEOG** |
| 3. Parent Loans | 6. Other Title IV grant programs** |
| to Undergraduate Students | |
| (PLUS)* | |

* *Loan amounts are returned with the terms of the promissory note.*

** *Amounts to be returned by the student to federal grant programs with receive a 50% discount.*

- 4) Refunds and adjusted bills will be sent to the student's home address on file in the Registrar's Office following withdrawal. Students are responsible for any portion of their institutional charges that are left outstanding after Title IV funds are returned.
- 5) Institutional and student responsibilities in regard to the return of Title IV funds.
 - a) FHU's responsibilities in regard to the return of Title IV funds include:
 - i) providing each student with the information given in this policy;
 - ii) identifying students who are affected by this policy and completing the Return of Title IV Funds calculation for those students;
 - iii) returning any Title IV funds that are due the Title IV programs.
 - b) The student's responsibilities in regard to the return of Title IV funds include:
 - i) becoming familiar with the Return of Title IV policy and how complete withdrawal affects eligibility for Title IV aid;
 - ii) returning to the Title IV programs any funds that were disbursed directly to the student and which the student was determined to be ineligible for via the Return of Title IV Funds calculation.
- 6) The fees, procedures, and policies listed above supersede those published previously and are

subject to change at any time.

- 7) Any notification of a withdrawal or cancellation of classes should be in writing and addressed to the Registrar's Office. Such notification may be made by facsimile.

If you would like examples of the refund policy, contact the Office of Business.

Institutional Refund Policy

Refunds are issued as listed below. The university is not obligated to refund expenses if the withdrawal is unnecessary or due to the student's misconduct.

Refund Policy for Course Withdrawal

If a student withdraws from an individual course (and remains enrolled in a course or courses) before the university drop-add date, he/she will receive a full tuition refund. If a student withdraws from a graduate course after the university drop-add date, but within five business days after the first class meeting, he/she will receive a fifty (50) percent tuition refund and will receive a grade of "W" for the course. If a student withdraws after the five business days, there will be no tuition refund. The university drop-add date is ten days after classes begin for the semester.

Refund Policy for Summer Courses and January Short Courses

If a graduate student officially withdraws from a Summer Course or from a January Short Course by the end of the business day following the first class meeting, he/she will be fully refunded for both tuition and technology.

If a graduate student withdraws from a Summer Course or from a January Short Course after the first business day, but before the next class meeting, he/she will receive a 50% refund of tuition, but no technology.

After the second class meeting, no refunds will be made.

Refund Policy for Complete Withdrawal

Room and board refunds are determined on a weekly basis over a 15-week term during the regular year and a five-week term during the summer. No credit will be issued if the withdrawal is within two weeks of the end of regular term.

In the event of a student withdrawing from the university, all institutional scholarships and aid shall be refunded to the university on a pro rata basis, based on the number of days the student attended.

There are no refunds of special fees, such as late registration, or examination fees.

Refunds will be mailed approximately four weeks after an official withdrawal or after the residence hall is vacated.

Paying Your Account

Please refer to the financial information detailed in this catalog under Financial Information to determine the approximate charges for each semester. In addition to tuition and fees, remember to estimate a reasonable amount for textbooks and class supplies. From this total, deduct scholarships, grants, or loans that have been awarded as part of the financial aid package. (Aid awards are usually based on the academic year and will be credited to your account proportionately, i.e., half of the award or offer for each semester you are enrolled as a full-time student or as indicated in the award announcement.) For information concerning financial aid adjustments, contact the financial aid office or review the information provided with your offer of financial aid. The toll free number for financial aid is 800-630-3481.

Students who have registered and selected classes must have their financial arrangements made by August 10, 2007, for the fall semester, and by January 4, 2008, for the spring semester. The charges for tuition, fees, room and board, must be paid by these dates to prevent the student's classes from being dropped out of the system. Students who register for fall classes after August 10, or for spring classes after January 4, must pay their bill in full the day they register.

After determining the amount of financial aid you will receive, and if financial aid does not cover all of the charges for the semester, the balance may be paid by: (1) Sending a check to FHU Business Office, 158 E. Main St., Henderson, TN 38340; (2) Paying by credit card online at www.fhu.edu; or (3) Paying through Tuition Management Systems (TMS). TMS is an off-campus company the university has contracted with to assist families wanting to spread out payments for school costs. There is an enrollment fee of \$65, and no interest is charged during the school year. You may contact TMS at 800-722-4867, or www.afford.com. Also, the contract with TMS may be increased at any time to cover any additional balance that arises from changes that are made.

Any combination of the options mentioned above is acceptable to pay the bill in full.

Bookstore charges and other miscellaneous charges the student incurs will be due upon receiving the monthly statements or viewing the statement online. Any unpaid amount from a previous monthly statement will be subject to a 1% per month (12% per year) service charge. Accounts must remain current to maintain charging privileges. If there are any questions about the student's account, you may contact the business office at 731-989-6008, or e-mail mcathey@fhu.edu.

Transcripts are not released by the university until all outstanding accounts are paid. If, after a student leaves FHU, an obligation is due that requires an outside collection agency, the responsible party agrees to pay collection agency fees, court costs and attorney fees for collecting the outstanding balance.

STUDENT LOANS AND WORK STUDY

The school year at Freed-Hardeman University begins with the summer term and goes through the following spring term. A Free Application for Federal Student Aid (FAFSA) must be completed each school year to be eligible for government sponsored student loans and work study. The FAFSA may be obtained from the Office of Financial Aid by calling (731) 989-6662 or 1-800-630-3481 and a copy will be mailed to you. The FAFSA may be returned to the Office of Financial Aid for processing or may be completed over the internet at www.fafsa.ed.gov.

STAFFORD LOANS

Under the federally-guaranteed loan program, you may borrow from a bank or other financial institution an amount needed for graduate studies. The university certifies your application, and the federal government through a state agency guarantees repayment. Under current regulations, you may borrow up to \$8,500 per academic year in a subsidized loan **if you are taking at least a half-load (minimum of five semester hours) of courses. The Office of Financial Aid will mail applications upon request.**

You need not begin repayment of a Stafford Loan until the first day of the sixth month after you complete or discontinue your graduate study. The federal government will pay the interest on the loan while you are in school. The interest rate is fixed at 6.8%.

UNSUBSIDIZED LOAN FOR STUDENTS

A full-time graduate student may borrow under the Unsubsidized Stafford Loan program up to \$12,000 per academic year. This loan is not based upon need, but must be held within the total cost of education minus any other financial assistance. The amount will vary dependant upon credit hour load.

The interest rate is fixed at 6.8%. The interest accrues from the beginning of the loan but can be deferred and capitalized if desired. Repayment begins immediately after a student drops below half-time and can extend up to 10 years.

LOAN DISBURSEMENTS

Loan disbursements for graduate students who have previously withdrawn from graduate work at FHU in prior semesters will be made with 1/2 of the loan proceeds disbursed from the lender at the beginning of the semester (from 10 days prior to the beginning of the semester to 10 days after the beginning of the semester) and the second half will be disbursed after the 60% point in time of the semester. All necessary loan documents would be required prior to disbursement.

All other students will have their loans disbursed at the beginning of the semester (10 days prior to the beginning of the semester to 10 days after the beginning of the semester) providing that the student has completed all the necessary loan documents.

FEDERAL WORK-STUDY PROGRAM

Work-study may be available. The number of hours per week is based on the need of the student and availability of funds and jobs. Completion of the FAFSA is required for the Federal Work-Study program.

Scholarships and Assistantships

Scholarships and assistantships may be applied for through the directors of the programs. Those who apply early will have a higher probability of obtaining help. Applications are encouraged to be submitted up to six months before one plans to enroll in classes.

The following factors will be considered in granting scholarships and assistantships:

- 1) the student's grade point average in previous work;
- 2) the evidence of professional promise seen in the student; and
- 3) the student's need for financial aid.

Criteria for assistantships will include evidence of the ability to serve the university in some useful capacity. A ministerial student must meet qualifications given by grantors of certain scholarships. Those qualifications may include stipulations regarding religion, sex, reputation, and potential.

Annually Designated Scholarships

Annually designated scholarships are awarded on an annual basis, and the award is based on the amount of money donated that year to the scholarship. Below are the annually designated scholarships available listed under the major or office by which they are awarded.

Endowed Scholarships

Two-thirds of Freed-Hardeman University's endowment is composed of scholarships. All scholarship funds are combined and invested by the Investment Committee of Freed-Hardeman University. Freed-Hardeman University's Investment Committee of the Board of Trustees has established a five-percent spending policy on endowed funds. Therefore, awards from endowed funds will not exceed an amount above five-percent of the total invested amount of the fund. These scholarships have the same recipient requirements as the academic scholarships and are awarded by the director of Financial Aid.

VETERAN'S BENEFITS

Veterans and their dependents may be eligible for benefits. Veterans with more than six months of active duty in the United States Armed Forces may be entitled to monthly payments plus an allowance for dependents for full-time or part-time study. Financial assistance may also be available to children of deceased or disabled veterans. (Need is not a criterion for these benefits.) For further information, see your veteran's service officer, or write the registrar at Freed-Hardeman University.

Admissions

Freed-Hardeman University seeks students for graduate admission who have demonstrated by their academic performance, other achievements, and personal conduct, that they are qualified for advanced study and may be expected to be a credit to the university and of service to their communities and professions.

Freed-Hardeman University does not discriminate on the basis of disability, race, color, or national or ethnic origin in administration of its educational policies, admission policies, scholarship and loan programs, and athletic and other school-administered programs. Except for certain exemptions and limitations provided for by law, the university, in compliance with Title IX of the Education Amendments of 1972, does not discriminate on the basis of sex. The university enrolls students of any or no religious affiliation. As a private, church-related institution, the university is permitted to consider information on the student's conduct and confidential references on ability, reputation, and the apparent potential of the applicant. Religion, sex, and reputation may be considered in placement in churches and church-related roles. Admission is a privilege granted by the university rather than a right to be assumed by those presenting minimal qualifications.

General Admission Information

Applications cannot be processed until **ALL** required materials are received. As soon as all materials have been received, the applicant will be notified that his/her file is complete. It is appropriate to assume that the application is incomplete until such notification is received.

Admission, when granted, will be valid only if the applicant enrolls during the term indicated on his/her application.

All application materials become property of Freed-Hardeman University, and will not be returned to the applicant.

All admission categories require an application and application fee.

Additional Information for Counseling Program. Soon after all application materials have been received, the application will be given a preliminary review. If it is clear that the applicant cannot be accepted, he/she will be notified immediately. If the applicant is considered to be potentially acceptable, he/she will be invited to an interview with the Graduate Counseling Admissions Committee.

Regular Admission

An applicant must have completed an appropriate baccalaureate degree from a regionally accredited institution. An applicant must submit official undergraduate and graduate transcripts of credit earned from all institutions of higher education previously attended.

The following criteria exist for regular admission:

For the Bible programs (Master of Ministry, Master of Arts in New Testament, and Master of Divinity), an applicant must have (1) a minimum cumulative grade point average of 3.0, and (2) either a minimum score of 440 on both the verbal and the quantitative writing parts of the Graduate Record Examination (GRE), or minimum score of 380 on the Miller Analogies Test (MAT), or a minimum score of 80 percent on the FHU Comprehensive Bible Test.

For the Master of Business Administration program, an applicant must have either a minimum cumulative grade point average of 3.0 or a minimum score of 450 on the Graduate Management Admissions Test (GMAT), with his/her grade point average multiplied by 200 plus the GMAT score totaling a minimum of 1,050. In addition, no applicant with a GMAT score of below 350 may be admitted to this program.

For the Master of Counseling program, an applicant must have (1) a minimum cumulative grade point average of 3.0, and (2) either a combined minimum verbal and quantitative score of 800 on the GRE, or a minimum score of 380 on the MAT.

For the Master of Education program, an applicant must have (1) a minimum cumulative grade point average of 3.0, and (2) either a combined minimum verbal and quantitative score of 800 on the GRE, or a National Teachers Examination (NTE) of 651 CS, 647 GK, and 643 PK on Core Battery, or a minimum score of 380 on the MAT.

Notice that students with GRE/MAT/GMAT/NTE scores older than ten years may be required to retake one of the entrance examinations for graduate admission. The decision will be at the discretion of each program director. Freed-Hardeman University will not accept scores on the MAT if the applicant has been administered the test more than three times in a two-year period.

If an applicant does not meet these criteria, the applicant may request conditional admission as described under **Conditional Admission**. This is granted on an individual basis depending on policies of specific programs.

While no particular undergraduate major is specified as an admissions requirement for Freed-Hardeman University's graduate programs, the following **prerequisites** do apply:

Students applying for admission to the **Graduate Bible** programs will be required to have at least 18 semester hours in Bible and/or religion at the undergraduate level.

The **Accounting program in the Master of Business Administration** requires prerequisites in undergraduate accounting.

The **Master of Counseling** student will be required to have the equivalent of 12 semester hours in Behavioral Science (Psychology, Sociology, Social Work, Family Studies) with a grade point average of 3.0 or better at the undergraduate level.

Additional requirements for the Master of Counseling, the Master of Education, and the Graduate Bible programs include the following:

Written Statement. A statement of approximately 200 words from the student specifying personal goals and how the program at Freed-Hardeman University will contribute to those goals will be required as indicated in the application materials.

Recommendation Forms. Each student must provide recent recommendation for admission forms from two or three individuals as indicated in the application materials.

Also, the Master of Counseling program requires a resume describing the applicant's work experience or academic vita.

TOEFL (Test of English as a Foreign Language). The Test of English as a Foreign Language (TOEFL) is offered in three formats. A score of 500 on the paper-based exam, or a score of 173 on the computer-based exam, or a score of 61 on the Internet-based exam is required of all students for whom English is a second language.

Conditional Admission

To register under conditional admission, the applicant must have completed an appropriate baccalaureate degree from a regionally accredited institution. Applicants must submit official undergraduate and graduate transcripts of credit earned from all institutions of higher education previously attended. To be considered for conditional admission, the applicant generally must have a **minimum cumulative grade point average of 2.5, and a minimum score on appropriate admissions tests.**

For the **Master of Business Administration program**, a potential applicant whose cumulative grade point average is below 2.5 may retake undergraduate courses to effectively raise the applicant's grade point average from what it was at the time of graduation. Once higher grades have been earned on retaken courses sufficient to produce a grade point average that would have been at least 2.5, application for conditional admission may be submitted.

For the **Master of Education program**, a potential applicant whose cumulative grade point average is below 2.5 must submit a letter to the director specifying a rationale for the cumulative grade point average, goals, and how the program will contribute to these goals. The letter and other documentation in the student's file will be considered by the Admission/Appeal Committee composed of the director and the coordinators of the Administration and Supervision Program and the School Counseling Program.

For the **Graduate Bible program**, a written statement of approximately 200 words specifying goals and how the program will contribute toward these goals and letters of recommendation from two or three individuals is required. Applicants for the **Graduate Bible programs** who are graduates of non-regionally-accredited institutions must score a minimum of 80 percent on the FHU Comprehensive Bible Test. Bachelor's degree graduates of foreign, nationally-accredited, or pre-accredited (candidates for regional accreditation) institutions may be granted conditional admission.

For the **Master of Counseling Program**, a written statement of approximately 200 words specifying goals and how the program will contribute toward these goals and letters of recommendation from two or three individuals is required. A potential applicant whose cumulative grade point average is below 2.5 may retake undergraduate courses to effectively raise the applicant's grade point average from what it was at the time of graduation. Once higher grades have been earned on retaken courses sufficient to produce a grade point average that would have been at least 2.5, application for conditional admission may be submitted. Bachelor's degree graduates of foreign, nationally-accredited, or pre-accredited (candidates for regional accreditation) institutions may be granted conditional admission.

A student granted conditional admission may register for a maximum of twelve graduate semester hours; a student may not register for additional courses after completing the maximum of twelve graduate semester hours without first obtaining regular admission status. A student admitted conditionally may be granted regular admission status only after completing the twelve graduate semester hours with all grades of A or B; for the **Master of Business Administration program**, these twelve graduate semester hours must be completed with a minimum grade point average in these courses of 3.5.

Transient Admission

An applicant who wishes to take a number of courses for renewal of certification or licensure **may apply for Transient Admission**. The applicant must have completed an appropriate baccalaureate degree from a regionally accredited institution. Applicants must submit official undergraduate and graduate transcripts of credit earned from all institutions of higher education previously attended. **A minimum cumulative grade point average of 2.5 is required.** Acceptance will be on a case-by-case basis.

Special Admission

Special Admission may be available for undergraduate senior students with a **minimum cumulative grade point average of 3.0** who are within nine (9) semester hours of meeting the requirements for an appropriate baccalaureate degree from a regionally accredited institution. Applicants must submit official undergraduate transcripts of credit earned from all institutions of higher education previously attended. The student is not considered a graduate student and may take no more than nine (9) graduate semester hours. Graduate courses taken by qualified undergraduates cannot be used for bachelor's degree requirements. Any financial aid awarded for this special admission category will be awarded on the basis of an undergraduate credit hour.

Graduate Certificate Admission

Applicants interested in one of the three certificate programs must have completed an undergraduate baccalaureate degree from a regionally accredited institution and be enrolled in one of FHU's graduate programs or have completed a graduate degree from a regionally accredited university. Applicants must submit official undergraduate and graduate transcripts of credit earned from all institutions of higher education previously attended. The applicant must complete the graduate application process and include the application fee.

As a graduate certificate student, one may enroll in any of the courses listed in the certificate program for which he/she has applied.

Students in Graduate Certificate Programs **are** eligible for federal financial aid.

Readmission Policy

A former Freed-Hardeman student who plans to re-enroll must submit a new application for readmission. After any period of academic or disciplinary suspension, one must apply to the director of the intended program of study for readmission. In addition to the application, the student should submit a letter stating what plans are being made to ensure academic success. Readmission is not guaranteed or automatic.

Transfer Credits

A student who has earned graduate credit from a regionally accredited institution(s) may transfer a maximum of six (6) semester hours into an approved degree program, or three (3) hours for certificate programs. These must be approved by the appropriate director of graduate studies. Some summer workshops, short courses, video courses, etc. may not be accepted as transfer credit.

The Master of Divinity student may transfer in (from any accredited institution) as many as 42 hours of A's and B's, which will count toward degree requirements as long as, in the director's judgment, those courses are reasonable substitutes for core or elective courses.

The University is not obligated to accept any courses for transfer of credit. Transfer courses must reflect and be similar to courses within the program of study the student is entering. Only grades of A or B will be accepted. The coursework must not have been used to satisfy a requirement for any degree previously granted (exception in Graduate Bible). Graduate credit from foreign universities is not accepted because of academic and procedural differences between U.S. regionally accredited and foreign institutions. Official transcripts are required before courses can be evaluated, approved, and accepted.

Non-Degree-Seeking Students

A college graduate not planning to enroll in a degree program may register as a non-degree-seeking graduate student. An applicant must have completed an appropriate baccalaureate degree from a regionally accredited institution. An applicant must submit official undergraduate and graduate transcripts of credit earned from all institutions of higher education previously attended. The applicant must complete the graduate application process and include the application fee.

As a non-degree-seeking student, one may enroll for any graduate course for which he/she has the necessary prerequisite course work, with the approval of the director of the program of study offering the course. Certain courses may not be available to non-degree-seeking graduate students. The Director of the program of study may restrict enrollment in the course or give scheduling preference to degree-seeking students.

If an applicant is planning to pursue a degree program, he/she should not enroll as a non-degree-seeking student. While non-degree-seeking students may subsequently apply for a degree program, there is no assurance they will be admitted. In addition, the program of study, at the discretion of the director, may approve a maximum of 12 credit hours of course work (with grades of "B" or higher) taken in non-degree-seeking status to count toward the master's degree.

Non-degree-seeking students are NOT eligible for federal financial aid.

Academics

Freed-Hardeman is a Christian university. Each student needs to know the academic expectations and policies of the university and is personally responsible for meeting the requirements for any degree. We expect our students to behave in a Christian manner and in accordance with university standards.

Academic Policies

The Graduate Council is responsible for developing policies and regulations affecting graduate curricula and requirements leading to graduate credits, certification, and degrees.

The Council is composed of two faculty from each program in which a degree is offered, faculty members who meet the criteria for teaching in the graduate program and who hold the terminal degree, the Director of Graduate Studies in Education, the Director of Graduate Studies in Bible, the Director of Graduate Studies in Business, and the Director of Graduate Studies in Counseling.

While every effort will be made to conform to catalog announcements, the university reserves the right to adapt its programs and policies as necessary. Students having matters of concern should see the appropriate director of graduate studies.

UNIT OF CREDIT

The unit of credit is the semester hour. One semester hour of credit represents approximately fifteen hours of lecture-discussion activity and examinations.

STUDENT LOAD

Full-Time Load. For academic purposes, a student enrolled in 9-13 graduate semester hours is classified as a full-time student.

Maximum Load. No student may register for more than 13 graduate hours during a semester or summer term. Students employed full-time may not register for more than seven hours while working without the permission of the appropriate director of graduate studies.

SHORT COURSE OFFERINGS

Short courses are offered in each graduate program. See the graduate schedules for exact dates each course will be offered.

LEVELING COURSE WORK

Courses required to bring the student up to graduate school level will not count in the hours required for the master's degree.

ADVISING AND COUNSELING

Advising and counseling are available. The directors of each graduate program will provide help with academic, career, or personal concerns. The directors and other professionals are prepared to assist you in analyzing personal, family, social, and religious concerns which may trouble you or impede your progress. In the event you need the assistance of a professional counselor, please contact the director of personal counseling.

Each student is referred to the director or adviser of his graduate program for assistance in planning his program, in registration, and in reviewing his progress. The director or assigned advisor should approve each semester's schedule and any changes made. Students may be referred to the Vice President for Academics for additional assistance. **The student is, however, personally responsible for meeting catalog requirements, following handbook policies in their handbook, and seeking written approval of any exceptions.**

REGISTRATION

After a schedule of classes has been approved by an official adviser, you may register through the director of your chosen graduate program. Students must follow the registration schedule of their particular program and register prior to the beginning of a class or within the add/drop period.

LATE REGISTRATION

Students who enroll full-time after the scheduled registration date are charged a late registration fee. Requests to enroll in a class after the first week the class has met must be approved by the appropriate program director and teacher. The student is responsible for work missed and/or any make-up work assigned.

CHANGE OF SCHEDULE

You may change your schedule during a period specified in the catalog calendar by adding or dropping a course or courses. Changes require permission of your program director and the instructors involved. Tuition will be prorated according to the schedule of charges in this catalog under "Financial Information: Tuition."

WITHDRAWAL FROM A COURSE OR FROM THE UNIVERSITY

To withdraw from a course after the end of the drop-add period or to withdraw from the university, a student should contact the Director of the Graduate Program and follow his/her instructions.

Grades and Grade Point Average

GRADES

Achievement and the quality of work of the student in each course are indicated as follows:

Grade	Significance	Quality Points per Graduate Semester Hour
A	Excellent	4
B	Good	3
C	Satisfactory (Marginal)	2
D	Unacceptable Grade	0
F	Failure	0
I	Incomplete	0
E	Withdrew Failing	0
X	Absent from Final Examination	

The following grades are not used in determining scholarship level or satisfactory progress.

W	Withdrew
N	Noncredit
R	Repeated
S	Satisfactory
U	Unsatisfactory

S and U grades are used when it is not feasible to evaluate achievement more precisely or when work is still in progress and not overdue.

N is the grade assigned for a course audited or otherwise taken without credit. If an auditor stops attending, W is assigned.

R is the grade assigned a course which is being repeated or duplicated. Credit will not be given twice for the same course or a similar one which duplicates the content of the first. The last grade earned will be the one used to determine if requirements have been met and in calculating averages unless the student withdraws passing. A failing grade (E or F) may be removed only by repeating the course failed.

I and X grades are given only when necessary and not for the convenience of students who wish for more time than their classmates. They are calculated as failing grades unless removed. **A student who has an I grade must make it up by midterm of the following semester.** An acceptable excuse for an absence from an examination must be presented and an examination taken as soon as possible. A fee may be charged for a make-up examination.

After a final grade has been submitted, it cannot be changed except when it is quite clear that a major error has been made. Students will not be given additional time to raise a grade.

GRADE POINT AVERAGE

Scholarship level is expressed in terms of a grade point average (G.P.A.) calculated by dividing total quality points earned by GPA credits. Semester and cumulative averages are recorded on the permanent academic record and on semester grade reports. Averages are used to determine honors, academic probation and suspension, renewal of academic scholarships, and eligibility for certificates and degrees.

GRADE REPORTS

Grade reports are available on IQ Web. Each student should review low grades promptly with his/her adviser.

Official notice of academic probation or suspension can be found on IQ Web, subject to correction of any errors in recording or processing grades. Confirmation by letter may follow.

CLASS ATTENDANCE

Class attendance is required. The class attendance policy shall be in the written syllabus distributed to all class members by the second meeting of that class. The policy is subject to review by the Vice President for Academics. Excessive absences, regardless of the reason, may result in grade reductions or failure in the class.

GOOD ACADEMIC STANDING

The student must maintain a cumulative GPA of 3.0 to remain in good academic standing. No grade below C will be counted toward degree requirements. Grades below C may result in academic suspension or termination at the discretion of the Graduate Council.

ACADEMIC PROBATION AND SUSPENSION

Should the student's cumulative grade point average fall below 3.00, he/she will be placed on academic probation. A student on academic probation will not be allowed to enroll for more than 9 hours during any term the probation applies.

The student on probation is required to achieve a 3.00 cumulative GPA the following semester enrolled. Failure to do so will result in suspension from the program. A student on suspension must reapply for admission to the appropriate director.

A course in which a student has earned a grade of C or below may be repeated. The last grade earned will be the grade for the course.

DISHONESTY AND CHEATING

Academic dishonesty is not in keeping with Christian principles. The following are some forms of academic dishonesty:

Cheating—intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise. This applies to all forms of work submitted for credit or hours.

Fabrication—intentional and unauthorized falsification or invention of any information or citation in an academic exercise.

Facilitating academic dishonesty—intentionally or knowingly helping or attempting to help another to violate a provision of the institutional code of academic integrity.

Plagiarism—the adoption or reproduction of ideas or words or statements of another person as one's own without acknowledgement.

A student who is dishonest in a course may be given an "F" and dropped from the course. Taking books from the library in any way other than that prescribed and removing pages from books and publications is dishonest. Attempts to by-pass the library security system is dishonest and may be grounds for suspension.

STUDENT RECORDS

All student records which are not specifically exempted by Section 438 of the General Education Provision Act are available upon request to all present and former students. A list of student records and their location is maintained in the Registrar's office. All requests for examination of student records should be

made in writing and directed to the Registrar, Freed-Hardeman University, Henderson, Tennessee 38340. Requests are normally granted within two weeks of receipt of the request. All examinations of student records will take place in the office of the Registrar with a representative of the university present.

After examining his or her record, the student or former student may request that certain records be removed based on grounds that the records in question are inaccurate, misleading, or otherwise in violation of the student's rights. Should the request by the student be refused, the student shall have the right to a formal hearing before a committee appointed by the President within 60 days of such request being submitted in writing. Any student has the right to request a copy of any material contained in his or her record. The cost of each page to be reproduced shall be \$1.00.

Unless the student files a written objection with the records office, the university may release the student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, and similar information. The university regards as similar information which may be used in publications and news releases or released upon request the following: high school attended, photograph, maiden name, sex, marital status, number of children, race, citizenship, candidacy for graduation, classification, parents' names and addresses, degree objective, student's class schedule, activities, church affiliation, and student organization memberships.

Grades, reports of excessive absences from class, and other information relating to the current status of a student may be sent directly to the parent(s) or guardian(s) who claim(s) a son or daughter as a dependent on the federal income tax return. This procedure is followed until such time as a parent or guardian informs the records office that the student is no longer a dependent. Any such change in status should be reported immediately to the Registrar.

Unless a student or graduate files a written objection or request with the Career Resource Center, that office may release to employers, graduate and professional schools, and government agencies the names and addresses of graduates by major, by race, and/or by academic standing (rank, grade, average, etc.). Resumes and other credentials will be released by the Career Resource Center by special authorization by the student or with the student's general permission upon request by prospective employer.

ACADEMIC GRIEVANCE PROCEDURE

Any grievance concerning grades, competencies, course syllabi, absence from class, admission to a program, or any other academic matter should be discussed with the teacher or director of the program as appropriate. If the grievance is not resolved satisfactorily with the teacher or director, the next step is to register the complaint within seven days of student's notification of the decision in question in writing to the department chair or dean where no department exists. If, after the completion of the procedure described above, the grievance has not been equitably resolved, then within 48 hours an appeal in writing must be submitted to the Vice President for Academics. A hearing will be scheduled with the Graduate Council which will serve as the appeals committee. The recommendation of the Graduate Council will be made to the Executive Vice President, and this will be the final step in the grievance procedure.

ADMISSION TO CANDIDACY

All programs of study require each degree-seeking student to apply for and be admitted to candidacy in order to complete the program of study leading to the master's degree. **The candidacy process is used to review a student's progress and compliance with academic policies.**

Programs of study requiring candidacy may establish their own guidelines for the process. Contact the director of graduate studies in the student's area of study for specific information.

In general, a student should apply for admission to candidacy at the completion of six graduate courses at Freed-Hardeman University (18 semester hours; 18-24 hours for M.S. in Counseling students) with an average grade of B. Grades below C will not be counted in the 18/24 hours. The student will be required to submit a written request for candidacy status. The request will be submitted to the director of graduate studies in the student's area of study and must be accompanied by written recommendations from two teachers with whom the student has taken graduate courses at Freed-Hardeman University.

At the time the request is made for admission to candidacy, the student will file a degree plan with his adviser which shows how all requirements will be met. **Candidacy status is required in order to exceed a total of 24 graduate hours.**

GRADUATION REQUIREMENTS

A cumulative GPA of 3.0 on all graduate credits with no grade lower than a "C" is specified, except for the Education Specialist Degree which requires a 3.5 GPA for graduation. No more than six (6) semester hours of grades of "C" may be applied toward graduation requirements.

Specific course requirements which must be met are listed under each program of study.

Participation in commencement ceremonies is required unless an exemption is granted by the Vice President for Academics.

APPLICATION FOR DEGREE

Application for graduation should be made within two weeks of the first day of classes of the last semester of work. The application form is available online at <http://web.fhu.edu>. A list of other requirements for graduation are available online.

COMPREHENSIVE EXAMINATIONS

A written comprehensive examination will be required for most degrees. The comprehensive examination will be prepared by a nationally recognized testing organization or at least three members of the graduate faculty who have taught the student. The examination will normally be administered during the student's last semester (except in the case of Master of Divinity students who have taken the comprehensive examinations at the 36-hour level) and candidates will be notified of the time and place of the examination at least one month prior to the examination. An oral examination or interview may be required in addition to the written examination.

Master of Arts in New Testament and Master of Divinity students who write a thesis will do both written and oral exams based TOTALLY on the thesis materials. Comprehensive exams for Bible students who do not write a thesis will be based on three courses the student has taken and those three courses will be selected by the program director.

The Master of Divinity student who has passed comprehensive examinations at the Master of Ministry or Master of Arts in New Testament level will not be expected to repeat them.

Faculty who contributed in creating the examination will score the examination as "pass" or "fail." Reasons will be stipulated when a grade of "fail" is given.

Students will be notified by the director of the program if they passed or failed the comprehensive examination immediately (Bible), within 10 days (Education), or 14 days (Counseling) after the examination has been written.

Students who fail the examination will be given an opportunity to take it again the following semester. Students who fail the comprehensive examination twice must petition the Graduate Council for permission to take the exam again.

TIME LIMIT

All work for the Master of Education and Master of Science in Counseling degrees must be completed within a period of six (6) calendar years. All work for the Master of Ministry, the Master of Arts in New Testament, and the Master of Business Administration degrees must be completed within a period of eight (8) calendar years. The limit for the Master of Divinity is twelve (12) calendar years from the time of entry into the program unless the student has relevant hours from a previous graduate degree which are older than twelve years and which, in the director's judgment, should be counted.

THESIS

Students who write a thesis in partial fulfillment of the requirements for the **Master of Education** or **Master of Arts in New Testament** degrees must hold "regular admission" status, submit a written thesis proposal to the appropriate director, and after receiving the director's approval, present a thesis which reflects original investigation, and then defend it orally.

The **Master of Divinity** student has an option of doing either a thesis or an internship. If such a student chooses to do a thesis, the student must likewise hold "regular admission" status, have a GPA of 3.00 or above on at least 24 hours, submit a proposal, etc. Students who anticipate graduate studies beyond the master's level are encouraged to write a thesis instead of doing an internship. Detailed instructions regarding thesis writing may be obtained in the office of the appropriate director.

The **Master of Divinity** student who has done an acceptable thesis or internship at the **Master of Ministry** or **Master of Arts in New Testament** level will **not** be expected to repeat it.

APPEALS

Any exceptions to any requirements or regulations would require approval by the Graduate Council. A Request for Exceptions or Exemptions form should be obtained from the Office of Academics, completed, and returned to the Vice President for Academics.

TRANSCRIPTS

An official photocopy transcript of the student's permanent academic record of work attempted and grades and credit earned will be issued on request of the student. The first is free; a fee of \$5.00 is charged for each subsequent request. Direct transcript requests to the Registrar, or go online to <http://web.fhu.edu>. Transcripts will not be issued for students or graduates whose accounts are delinquent.

AUDITING A COURSE

Up to five (5) students will be allowed to audit for no credit any courses in the Bible/Counseling-related programs at the one-half tuition rates. These students will be admitted on a case-by-case basis after meeting with and being approved by the Director of Graduate Studies in Bible or the Director of Graduate Studies in Counseling.

Waiver: The spouse of a Master of Ministry, Master of Arts in New Testament, or Master of Divinity student who is carrying at least 6 credit hours may enroll as a special (part-time, non-credit) student in any graduate Bible course without charge. Any student enrolled for credit in the education or counseling graduate programs may audit undergraduate Bible courses with permission of the instructor without charge.

Graduate Certificate in Counseling for Church Leaders

The School of Biblical Studies and the Department of Behavioral Sciences and Masters of Science in Counseling Program offers a Graduate Certificate in Counseling for Church Leaders. Ministers, associate ministers, youth ministers, family life ministers and/or elders who have interest or duties in counseling are encouraged to enroll in this certificate program. The interdisciplinary design of the certificate is reflected in a combination of graduate Bible and counseling courses. Students will gain an understanding of basic counseling skills, using scripture in counseling and specific areas of counseling that church leaders are often called upon to perform. The certificate program will give students an opportunity to strengthen and refine their skills whether for members inside the congregation or as an outreach for those in need. Students who successfully complete the Graduate Certificate in Counseling for Church Leaders will be better prepared to meet individual and family needs of those seeking help and support within a church context. This certificate can be taken for audit or graduate credit. Those students completing the Graduate Certificate (for credit) will

be presented their certificate and recognized at the appropriate graduation ceremony. If you are interested in obtaining this certificate, see the Graduate Counseling office.

Graduate Certificate Programs

The Department of Behavioral Sciences and Masters of Science in Counseling Program offers a post-graduate certificate program for students desiring licensure as an LPC/Mental Health Service Provider. The certificate requires 21 hours of graduate work plus an internship. **The Graduate Certificate in Clinical Mental Health Counseling** (courses for Tennessee Mental Health Service Provider) enables professionals with an “appropriate (as described in Tennessee State Law) degree” to complete courses which will satisfy academic requirements for state licensure.

A **Graduate Certificate in Gerontology** is available through the Department of Behavioral Sciences and Masters of Science in Counseling Program. This certificate program offers specialized training for practitioners in serving aging adults. The various healthcare providers who complete this program will be better equipped to meet the complex needs of the aging population and their families. The area of gerontology is predicted to be one of the fastest growing areas within the human services healthcare and counseling job markets. Older people make up an increasingly larger segment of the population, as the average life expectancy in the U.S. has grown from 47 years in 1900 to 76 years currently. This trend will continue until the elderly population reaches 80 million in 2050 (one in five Americans will be 65 or older). Every facet of life is touched by these changes, including the family, economy, health services delivery, government, the private sector, businesses, and religious institutions. These trends result in a demand for professionals with knowledge and expertise in aging. Due to these trends, the M.S. in Counseling Program offers a 27-hour Certificate of Gerontology.

The School of Biblical Studies and the Department of Behavioral Sciences and Masters of Science in Counseling Program offers a **Graduate Certificate in Counseling for Church Leaders**. Ministers, associate ministers, youth ministers, family life ministers and/or elders who have interest or duties in counseling are encouraged to enroll in this certificate program. The interdisciplinary design of the certificate is reflected in a combination of graduate Bible and counseling courses. Students will gain an understanding of basic counseling skills, using scripture in counseling and specific areas of counseling that church leaders are often called upon to perform. The Certificate program will give students an opportunity to strengthen and refine their skills whether for members inside the congregation or as an outreach for those in need. Students who successfully complete the Graduate Certificate in Counseling for Church Leaders will be better prepared to meet individual and family needs of those seeking help and support within a church context. This certificate can be taken for audit or graduate credit.

Those students completing a graduate certificate will be presented an official certificate when the program of study is completed.

Master of Education Major in Curriculum and Instruction (Teaching Licensure Program)

This plan consists of 37 hours of course work and a 12-hour student teaching semester. The total program takes four semesters, two of which could be summers.

Purpose. The Master of Education/Licensure Program provides a comprehensive program of teacher preparation and licensure for persons who already hold a baccalaureate degree. Licensure may be attained for elementary grades K-6 and in secondary areas where it is offered by FHU under Tennessee's new licensure standards.

An evaluation of undergraduate transcripts is necessary to assure state competencies are met. Tuition for any required undergraduate courses will be the same as for graduate courses.

Program Outcome. The successful student will exit the program with the Master of Education Degree (M.Ed.) with a major in Curriculum and Instruction and licensure to teach.

Schedule Overview. Each program participant will be able to earn the M.Ed. degree with a major in Curriculum and Instruction plus meet licensure requirements. Fall and spring classes will be scheduled on Monday, Tuesday, and Thursday evenings (typically beginning at 5:00 p.m. or later) and on designated Saturdays. Summer classes, however, meet both during the day and in the evening.

Admission to Teacher Education Program. At the end of 12 graduate semester hours, those seeking teaching licensure must do the following:

1. Submit an application for admission to the Teacher Education Program. (This will also be considered application for candidacy status.)
2. Submit recommendations of graduate faculty at FHU with whom the student has had graduate classes.
3. Submit a plan outlining the completion of the program.
4. Have a GPA on 12 or more graduate hours of 3.0 or above.

 - a. Review the application, portfolio, faculty recommendations and other materials.
 - b. Conduct an interview with each applicant.
 - c. Make a recommendation to the Teacher Education Committee for formal action.

NOTE: Admission to the graduate program does not assure a student that he/she will be admitted to the Teacher Education Program, Administration Program, or the School Counseling Program, all leading to licensure. In addition to academic ability, such factors as disposition, reliability, honesty, and suitability for the professional position being sought will be considered. Even if not admitted to the licensure program, the student may be provided an opportunity to complete requirements for the graduate degree.

Students must have a minimum 3.0 graduate GPA, and the required Praxis examinations must be passed before a recommendation will be made for a teaching license. Praxis tests related to the specific licensure sought must be taken prior to program completion. During the 2003-04 academic year a one hundred percent pass rate was achieved by program completers as defined by Title II of the Higher Education Act. Registration materials may be obtained in the Office of the Dean. Students should plan to take the required tests prior to student teaching and must register well in advance of the test date.

UNIVERSITY ADVANCEMENT

Mission of University Advancement

To establish and maintain relationships that make possible learning integrated with faith, facilities that match our dreams, and a solid financial foundation for Freed-Hardeman University.

Vision of University Advancement

FHU Advancement will become the premier advancement program among church of Christ-related institutions.

Division of Responsibility

OFFICE OF UNIVERSITY ADVANCEMENT

Dave Clouse, Vice President

Tonya Hyde, Administrative Assistant

Wanda Pulse, Special Events Coordinator

Led by the vice president for university advancement Dave Clouse, the Office of University Advancement is made up of five areas. Each department within University Advancement shares the same mission and vision. Each department works to establish and maintain relationships, making possible learning integrated with faith, facilities that match our dreams, and a solid financial foundation for Freed-Hardeman University. Each department will become the premier program among church of Christ related institutions.

OFFICE OF ALUMNI RELATIONS

Betsy Hesselrode, Director

The Office of Alumni Relations exists to establish and maintain relationships with current students, former students and friends of the university. The staff seeks to inform these audiences of university opportunities and to facilitate their involvement and investment in the university. To accomplish these goals, the staff works with the Student-Alumni Association, the Alumni Association, student workers and several chapters away from campus. A number of outreach tools are coordinated through the office, including the alumni Web site, travel program, on-campus events, off-campus events and publications.

OFFICE OF DEVELOPMENT

David Newberry, Assistant Vice President for Development

The Office of Development exists to establish and maintain relationships with all constituencies of the university in an effort to secure funding for university programs. The Office of Development seeks to acquire funds for the annual fund (yearly operating expenses), capital fund (special projects and buildings), and endowment fund (long-term investments in the future of the university). The Office of Development attempts to uncover new sources of gifts and inspire current donors to increased levels of participation so as to help provide every student an undergraduate or graduate education and to maintain the university on a solid financial foundation. The Office of Development coordinates all campus fund-raising, including the direct mail program; the Phonathon; solicitation of individuals, businesses and churches; and fund-raising for the annual Advisory Board Benefit Dinner.

CENTER FOR ESTATE AND GIFT PLANNING

Burton Williams, Director

The Office of Financial and Estate Planning exists to establish and maintain relationships with all constituencies of the university in an effort to secure the financial future and permanency of Freed-Hardeman University. The Office of Financial and Estate Planning is responsible for wills, estates, insurance programs, annuities, trusts and other means of planned giving. The office provides educational services in financial and

estate planning through seminars, mailings and personal sessions. The office also provides comprehensive financial planning services for alumni and friends of FHU and oversees the endowed scholarship program.

OFFICE OF MARKETING AND UNIVERSITY RELATIONS

Jud Davis, Director

The Office of Marketing and University Relations exists to establish and maintain relationships with all constituencies of the university by directing the university in marketing the mission and vision of Freed-Hardeman through the use of advertising, public relations and promotion. OMUR is responsible for the dissemination of information to the media and university publics through the University Web site, recruiting material, press conferences, press releases, Seasons and all publications produced by the university. OMUR also produces all official university publications that promote the university and its activities. OMUR produces the annual integrated marketing and public relations plan for the university and assists other university-related organizations with the development of promotional materials and strategies.

OFFICE OF CAPITAL PROJECTS

The Office of Capital Projects exists to provide the facilities needed to match our dream of being a premier Christian university making a positive global impact. This office completely coordinates all capital fundraising projects for University Advancement. This includes conducting studies necessary to determine feasibility, planning and organizing all capital fundraising projects, and working with the President, Vice Presidents, Directors, Territory Managers, and others that are necessary to accomplish the goals of capital fundraising projects.

Areas of Financial Support

ANNUAL FUND

The annual fund is the backbone of the yearly operations, providing critical support to all university departments. The annual fund helps bridge the gap between what students and their families pay for an FHU education and the actual cost of operating the university. Student tuition and fees pay only about 70 percent of the cost of an FHU education. Individuals, businesses and churches support the annual fund through their contributions to the:

- Bible Teaching Program
- Annual Bible Lectureship
- General student scholarship fund
- Sports Center
- Athletics
- Cancer Research Institute of West Tennessee
- Departmental operations
- Annual awarded scholarship fund

Some of the programs through which dollars are secured for the annual fund are direct mail, the Phonathon, the Annual Advisory Board Benefit Dinner and direct solicitation.

CAPITAL FUND

Donations to the capital fund are generally used to purchase items that have a usable life of at least two years, that cost more than \$5,000 and that are not currently included in the annual operating budget. The capital fund also seeks funds to construct new buildings and renovate existing ones. The Capital Fund plays a vital role in helping maintain and improve the appearance and usefulness of campus facilities.

ENDOWMENT FUND

The endowment fund is the foundation of financial strength for the university. It serves as the university's "savings account" and is essential to the financial health and future of the university. Currently the endowment fund stands at almost \$27 million. A committee of the board of trustees oversees the investment of these funds.

There are three main divisions of the endowment fund:

Permanent Endowment. The university has a permanent endowment provided by gifts, grants and bequests. Interest and dividends from the assets in the endowment may be reinvested or used to cover a portion of the operating costs of the university. Wills, estates, insurance programs, annuities, trusts and other means of deferred giving are offered. A certified public accountant, a certified financial planner, an attorney and the entire development staff stand ready to assist with individual financial and estate planning.

Endowments for Programs. Endowment funds have been established to benefit certain departments, programs or schools. The income from these funds is used solely for the work of the particular department, program or school for which it is designated.

Scholarship Endowments. Through the years, friends of the university have provided scholarship endowments in the names of friends or loved ones. Endowed scholarships are funds exceeding \$30,000 with the principle invested and the interest used for scholarships. Additions to the principle can be made at any time. Currently, two-thirds of Freed-Hardeman University's endowment is composed of these scholarships. That means that Freed-Hardeman University's scholarship program is a vital part of ensuring that students are given a chance to receive a Christian education. As our program continues to grow, the number of scholarships we are able to award grows, and the number of students who can receive their education increases.

Support Groups

ADVISORY BOARD

Members of the Advisory Board are appointed by the board of trustees upon the recommendation of the university president. Each member is encouraged to contribute financially to the university, assist in the recruitment of prospective students and donors, and to help promote the annual Benefit Dinner. The Advisory Board Benefit Dinner is hosted annually on the first Friday night of December. It is the single largest fund-raiser of the university.

ASSOCIATES

The Freed-Hardeman University Associates, established in 1963, have organized more than 40 chapters of women in various communities to promote the work of the university. They have sponsored several major projects over the years, one of which was the Associates Science Center, dedicated in April 1971. In addition to significant gifts to assist the university, the Associates award \$50,000 annually in scholarships to FHU students.

ALUMNI ASSOCIATION EXECUTIVE COMMITTEE

Comprised of alumni from various years, the Alumni Association Executive Committee meets quarterly. The committee's projects include recognizing alumni association award recipients, coordinating regional events and hosting on-campus events such as homecoming. In addition to cultivating alumni loyalty, the committee represents the association by providing a vehicle through which alumni can provide input to FHU administration.

ENDOWMENT SOCIETY

The concept of the Endowment Society of Freed-Hardeman University was the brainchild of Dr. E. Claude Gardner, former president of FHU, as early as 1972. The society was officially established June 23, 1976, to assist FHU benefactors in creating a gifting plan to satisfy the donors' need to help charitable causes, maximize tax benefits, increase income, and provide for loved ones. Membership may be accomplished through several planning vehicles, including gift annuities, trusts, life estates, or naming FHU as a beneficiary in a will or life insurance policy. Membership is also available to donors who establish endowed scholarships with gifts of \$30,000 or more for students attending FHU. Endowment Society members receive an original, autographed print of the Old Main Bell Tower by Sandy Stetler Sims ('86), an invitation to the annual Endowment Society luncheon, the Endowment Society Newsletter and recognition in the alumni magazine.

ESTATE PLANNING COUNCIL

The Estate Planning Council is a distinct group of allied professionals practicing in the fields of accounting, financial planning, insurance, investment management and law. The purpose of the Estate Planning

Council is to strengthen the mission of Freed-Hardeman University by heightening the awareness of the university through the members' example of Christian leadership in their communities and through their work in the financial and estate planning arena.

THE LEGACIES OF FREED-HARDEMAN UNIVERSITY

The Legacies of Freed-Hardeman University is a program to recognize donors who give in an outstanding way, to show gratitude for their interest in helping accomplish the university's mission and to encourage lifelong learning. The program includes four societies, which recognize four levels of giving. The Hardeman Society includes all who give any amount to the university's annual fund. The Maroon and Gold Club includes all who give at least \$120 per year. The Bell Tower Society includes all who give \$600 or more each year. The President's Circle includes all who donate \$1,200 or more during the year. Donors in each of these groups are recognized annually in *Seasons* magazine and other appropriate publications. Members of the President's Circle are invited to an annual luncheon in their honor.

PLANNING AND TECHNOLOGY

Barry England, Chief Information Officer for Planning and Technology

Planning and technology are significant components of Freed-Hardeman University. The division of Planning and Technology exists to provide strategic planning and direction for the university, and to provide technology resources and support, enabling the university to offer quality, state of the art education and services to its students and constituents.

Divisions of Planning and Technology

INSTITUTIONAL RESEARCH

The Office of Institutional Research facilitates the overall university planning process. The annual unit plan process, consisting of over 60 plans is administered from the Office of Institutional Research. In addition, this office is responsible for administering numerous student opinion surveys, alumni surveys, as well as external governmental and agency surveys. The Director of Institutional Research publishes the annual Freed-Hardeman University *Fact Book* and provides additional information resulting from research related to all areas of the institution for decision making and other administrative purposes.

INFORMATION TECHNOLOGY

Information Technology consists of five areas: Administrative Systems, Network Support, Web Services, Workstation Support, and Video and Voice Services. These areas work together in providing information technology support and services to both academic and non-academic related functions of the university.

Administrative Systems. The area of Administrative Systems is responsible for all hardware and software necessary to carry on all university related business. This area is staffed by a Senior Programmer/Analyst, a Programmer/Analyst, and a Programmer.
