VOLUME XXVIII

FREED-HARDEMAN COLLEGE, HENDERSON, TENNESSEE, MARCH, 1951

NUMBER 6

TRAW, GARGIS WIN "51" ANNUAL SALE

In the recently concluded annual sale, Group II sold the largest number of subscriptions—high salesman for the group was Dorsey Traw, who sold eighty subscriptions. Very few students were able to withstand the sales talk which Dorsey had, and the results prove this fact.

Libby Gargis was high salesman for group IV, and also runner-up for top sales. She sold thirty-two subscriptions.

Competition for subscriptions between the two groups was keen. During the 1951 subscription drive, 355 annuals were sold.

Tapp-Laird

Engagement Told

Mr. and Mrs. J. R. Tapp of Chickamauga, Georgia, announce the engagement of their daughter, Rebecca, to W. J. (Bill) Laird, Jr., son of the late Mr. and Mrs. W. J. Laird, Sr., of Natchez, Mississippi.

Rebecca is a graduate of Lee High School in Chickamauga. While at Freed-Hardeman she has been a member of the Phi Kappa Society and the A.C.E. Club.

Bill is a graduate of Natchez High School. He attended Abilene Christian College last year. He is a member of the Phi Kappa Alpha Society.

After their wedding this summer the couple will reside in Chickamauga where Rebecca plans to teach school and Bill will enroll as a student at the University of Chattanooga.

HOMEMAKERS CLUB

PLANS IRISH TEA

The Home Makers Club had a Valentine party in the Home Economics department February 14 where Jean Wall, Miss Home Economics, presided as hostess. After the meal, valentines were exchanged; music appropriate to the occasion was played. Special numbers were rendered by the club trio, Jane Yoder, Libby Gargis and Juanita Edwards.

On February 26 the club sponsored a Stanley Party to raise funds for the club. From this they purchased an ad in the school annual.

At the regular meeting March 13, plans were discussed for Good Manners Week which will begin March 18 to be climaxed by a chapel program March 24. All students are urged to put their questions on Good Manners in the box in the library.

Final plans were made for the Irish Tea to be given in the living room of the boys dormitory, March 19 from 2:30 to 4:30 p.m. All college students are invited to attend.

F-HC TO HAVE SPECIAL SESSION THIS SUMMER

Freed-Hardeman College will hold its first summer school session in several years from June 5 to July 13. A student may take as many as 9 quarter hours for the six weeks.

Courses will be offered in Commerce, Education, English, History, Mathematics and Bible. This will provide another opportunity for veterans to start their education under the G.I. Bill of Rights before the critical date, July 25.

The summer classes will have only a morning schedule, Monday through Friday. The tuition cost will be \$3.25 per quarter hour and usual registration fees of \$9.50 for a six week's period. This will make a total of \$38.75 for a 9 hour course.

Write for information.
C. P. Roland, Dean.

Let's all pull together to make our paper better.

Faculty Entertains With Formal Party

On Tuesday evening, February 13, the faculty of F.H.C. entertained the students with a semi-formal Valentine's Party.

Preparations for the party began days ahead. The boys were working desperately trying to get a high lustre on their shoes. Among the girls the big question was "What are you going to wear?" The gym was closed and made ready.

At the beginning of the evening, the couples had to introduce themselves to at least ten people.

Just to make things difficult the couples had to line up and the girls were blindfolded. Down the line of boys they stumbled until they had found their escorts.

Valentines from the sentimental to the ridiculous, were passed out by Bro. Kelly Doyle and his assistant cupids.

A special "Sweetheart" scrambled words contest was held. The winner, Jere Frost, received as a prize a box of candy. As a special award, Jere received a B.A.L.M. degree. This B.A.L.M. which is, of course, a Bachelor of Arts in Love Making degree was conferred upon him by Brother Robert Darnell.

The last event of the evening was the selection of the most handsome couple. Mason Harris and Louise Sims were chosen for this honor.

Refreshments were served in the college cafeteria.

ED AND CO-ED

By Willard Davis

I would like to tell you about one of the male and one of the female students of F.H.C. The one I've chosen is my "ill" "ole" roommate. He hails from Corinth Mississippi. He works on weekends for the I.C.R.R. Company. He likes tennis, music, hamburgers, girls, and most of all, sleep. Most people call him Charles "Chuck" Hellums.

At the end of this quarter, he will transfer if possible to the University of Korea where he will work his way through.

You've heard about Jack and now hear a few words about Jill, under the heading of coed. She is blond! She is lovely! She uses Ponds! Her home is here in Henderson and she has made F.H.C. her choice for her second year of study.

She likes gum, ball games, and men. "Kitten" also studies quite a lot and strangely enough, she enjoys going to school. Her personality is A-plus and she is very friendly. You should know her if you don't already. That pleasing smile makes her eyes twinkle and you feel as if you have known her all your life; after you know her, you then wish you had. If you haven't guessed already, I'm speaking of Katherine "Kitten" Watkins.

TAKE TIME TO LIVE

Take time to work—it is the price of success.
Take time to think—it is the source of power.
Take time to play—it is the secret of perennial youth.
Take time to read—it is the fountain of wisdom.
Take time to worship—it is the highway to reverence.
Take time to be friendly—it is the road to happiness.
Take time to dream—it is hitching your wagon to a star.
Take time to love and be loved—it is the privilege of the gods.
Take time to look around—it is too short a day to be selfish.
Take time to laugh—it is the music of the soul.
Take time to play with children—it is the joy of joys.
Take time to be courteous—it is the work of a gentleman.

Selected

Brother Robert Witt, the Math teacher and basketball coach at F.H.C. is the subject of our discussion for the month. Quiet and soft spoken, he is known for his fairness and understanding both in classes and other activities. Also he is a Math "brain" but it seems he likes to keep that a dark secret until he amazes his poor, unsuspecting Math students with his incredible proofs.

Brother Witt was born in Medina, Tenn., and spent his life there until he entered college. At the age of 16 he was graduated from Medina High School and the following year he entered Freed-Hardeman College. While at F.H.C. he played basketball and was captain of the team his second year. He was also voted as most representative boy. After two years at F.H.C. he continued his studies at Murray State Teachers College at Murray, Kentucky. He received his B. S. degree the day before he was 21. He has completed work on his M.A. at Peabody with home hours on his Ph.D. He also did some graduate work at U.T.

Before coming to F.H.C. in 1943, Bro. Witt taught and coached in Gibson, Tenn., grammar school and his home town, Medina. In 1937-38 he taught in Dasher Bible school. The year before he came to F.H.C. he worked for the Civil Service as Safety Engineer.

Bro. Witt entered Freed-Hardeman as a student with the intention of becoming a pharmacist, but soon changed to a math major. He was persuaded to preach his first sermon during his second year, 1934. The result must have been disheartening because he did not preach his second sermon until 1937. Evidently, this one was more successful because he has been preaching ever since. He is now doing work with different congregations around Henderson.

While leading singing for a meeting in Morgan Field, Kentucky, he met Miss Francis Jenkins, and later they were married. The ceremony was performed by a county judge named Earl Clements who later became governor of Kentucky. The Witts have one daughter, Rose Lynn, who is a student at Chester County High School.

An amnesia sufferer went to see a psychiatrist. "Simple," said the doc. "My fee will be \$50 an hour."

The patient screamed, "You just shocked me into remembering who I am and the guy I am can't afford that kind of money."

Boost the Skyrocket.

SOCIETY SPONSORED MINSTREL HIGHLIGHT OF SPRING SEASON

ALL-STAR GAME

Freed - Hardeman's varsity Lions dropped the curtain on the cage season with a 57-49 victory over the Intramural All-Stars in the college gym.

Alpha Tau Society's champion girls won their half of the twin bill, clipping the girl stars.

The All-Star boys employed a two-platoon system which closed a big first quarter deficit, and kept the tilt close the rest of the way until the final minutes. The Lions began hitting early and built an 18-7 lead at the quarter. Captain George Herring inserted his second platoon against the Lions reserve team and the move paid off. The Varsity lead at the half was precariously close at 28-25.

The Stars rallied for their only lead of the game, 30-29, midway in the third period, but the Lions were back in front 39-34 when the final stanza began. The Lions won it going away during the last quarter.

Lions 57	Stars 49
Daniel 22	f Brown 11
Frost 12	f Herring 5
Harriman 2	c Williams 1
Scoggins 6	g Harris 0
Fisher 0	g Hogan 4

Substitutes: Lions—Hanna 4, Donaldson 2, Montgomery, Nichols 4, Brown 5.

Stars: Traw 9, Barker 2, Underwood, Randolph 8, Allmond, Dixon 9.

Local Cagers Bow To Itawamba Five

A capacity crowd witnessed the last game of the season for the Freed-Hardeman Lions.

The two teams battled on even terms throughout the first half with the lead changing hands nine times. The Lions were on top by one point, 31-30 at the intermission.

F.H.C. paced by James Daniel, broke away fast in the last half and led most of the way.

With 5 minutes left to play and holding a 48-40 lead, FHC seemed to tire. Itawamba scored 16 points in this time and held the Lions to 2 field goals and 3 charity throws.

Daniels and Jerry Frost led the Lions in scoring with 31 and 13 points respectively.

Members of this year's basketball team were James Daniels, Curley Fisher, Ed Donaldson, Red Harriman, Jerry Frost, Cleo Hanna, Luke Scoggins, Leonard Brown, Hudson Nichols and Bones Montgomery.

Students and Local Residents Crowd College Auditorium March 13

Students and residents of Henderson turned out in full force to see the college minstrel Tuesday night, March 13, at the college auditorium. The program was sponsored by the four societies of the school, Alpha Tau, Phi Kappa, Philo, and Sigma Rho. The proceeds will go to the Treasure Chest, the college annual.

On stage were rows of black-faced students, who together with the zany antics of the four comedians kept the audience laughing. Dressed in an impossible garb of multi-colored clothes the four comedians bore little resemblance to the real life characters. Bobby Joe Sims, "Liverlip", loped across the stage, cracked corny jokes, and ate imitation goldfish to the horror of the spectators. "Lasses" Pat Stephenson looked almost intelligent in his white rimmed glasses, but his answers to the questions asked betrayed him. "Sousemate" Jasper Hilliard, his loud tie and his comical speeches can only be compared to a certain character from Hoenwall, Tennessee. "Satchelmouth" Holland was a bright spot on the program with his red shoes.

The special attraction on the program was Wordie Burrows, alias the Human Pincushion and the Asbestos Kid. His breathtaking performance of fire-eating brought screams of horror from the audience. He swallowed the fire and "belched" it twenty-five to fifty inches out of his mouth. As if this were not enough, he demonstrated his ability as a pincushion by sticking hat pins through his wrists. To add extra excitement he pushed a wire through his tongue and lifted a six pound weight.

Music during the intermission was furnished by the Dixie Band composed of Joy Martin, Armando Garcia, John Cathey, Don Gregg and Willard Davis.

To add variety to the show two "monkeys", Allen Dixon and Willard Davis, leaped across the stage singing "Abadaba Honey-moon" between mouthfuls of banana. Adding their bit of merriment were the quartet and the trio. Other solos on the program were rendered by Luna Farley Louise Sims, and Allen Parker.

Her: "You are so strong Mr. Woods."

Him: "You are a courteous girl to say that."

Her: "Oh, that's all right, us Girl Scouts have to do one kind act every day."

Looking Ahead

At last spring is here bringing with it both the happiness and the sorrow of a new quarter. As we see spring in all of its glory we can not let it inspire us on to doing better work and being better companions to others during this final quarter? Examinations are over and many woke up to the fact the night before that they were not prepared. Will this happen again? Why can we not profit by the mistakes made the past two quarters? For many of us it will be the last quarter we will ever spend at Freed-Hardeman College. It will mean parting with friends whom we may never see again, and it means a chapter in our life has ended which can never be repeated.

In keeping with these thoughts we see that it is up to each of us individually and to the group as a whole to make the most of this final quarter in every way. If we have not been the type of student we could have been this year, are we going to continue in the same way or are we going to improve ourselves into the type of young people Freed-Hardeman College has produced in the past.

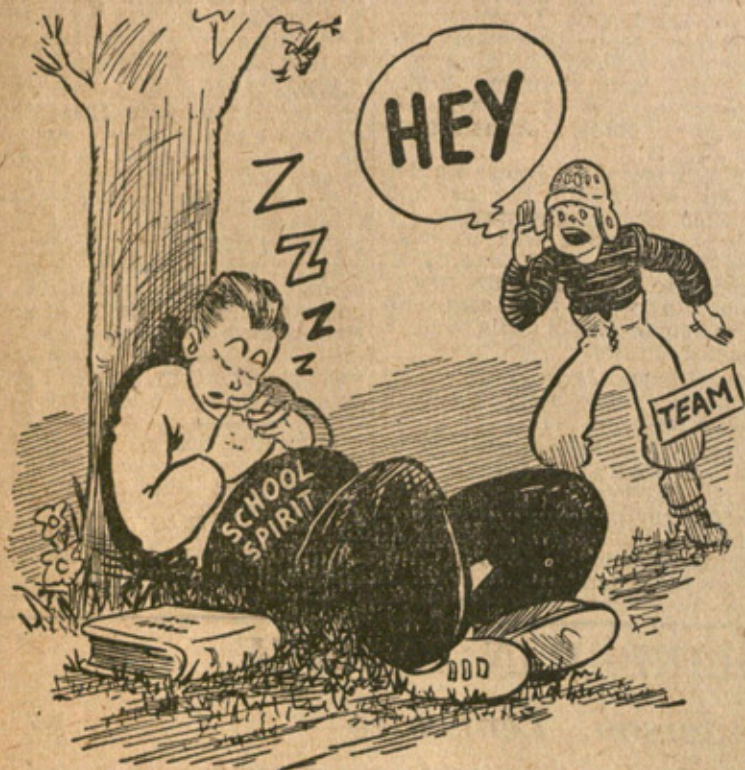

We are indeed having a rare privilege in attending an institution of this type. No matter

how little we do we are going to obtain some benefit from being here; but as in everything else the more we put into our work, both as a student and as a Christian, the more we are going to take with us when we leave.

Of course the academic work here in school is the chief reason for our being here, but for those who are here for their last quarter and who are not planning to go on to a Christian College, it will no doubt be a final opportunity to be in the Christian fellowship we engage in, especially on such a large scale. While here it does not seem such a problem to make right decisions and do the right thing when everyone else is, but the question is, "Are we growing stronger day by day in order to face later problems?"

At the present this quarter may seem no different to any others, but let us remember that in future years when we look back to the year 1951 we will want to be able to say "The final quarter was a success partly because I was there, and because I along with the others, put my whole body and soul into having a wonderful climax for the year."

—Wanda Mills

School Spirit

For most of you the close of the recently completed second quarter marked the end of your sixth month on the campus of Freed-Hardeman College this year. During these months you have probably grown to love it here, and it has most likely come to be a part of you. With this in mind, why not stop and ask yourself "Do I always exemplify this feeling of love and loyalty by my conduct and my attitude?"

Why not stop a moment and take inventory? F.H.C. is one of the finest institutions anywhere because it stands for Christianity in its purity and its simplicity. Therefore, its students are expected to be excellent in every respect. Do you, as a student of

this school, conduct yourself as a Christian should?

In the second place, do you show your interest and loyalty by participating in all school activities? If you are a member of any organization on the campus, do you attend its meetings and work and do your part that it may succeed? Have you backed the ball team and cheered to urge them on? Are you courteous and attentive to all your associates in classes, in chapel, and in the dormitory? Do you cooperate with your instructors and matron to the best of your ability? If you are compelled to answer "No" to any of these questions, try to improve because in so doing you will be making

Hardeman."

PREACHER'S PARAGRAPHS

A popular conception entertained by many people is that one can be saved following the dictates of his conscience. Some believe quite firmly that salvation is for those who give to the poor, help the sick, abstain from filth of the flesh and worldly lust. They believe that these acts justify one apart from any obedience whatsoever. No theory or doctrine was ever farther from the truth.

All men are under sin. Paul declared in Romans 10:23 that "All have sinned and come short of the glory of God." If we say we have not sinned, we are a liar and the truth isn't in us according to John's writings in 1 John 1:9. John went farther and said if we say we have not sinned we make him a liar, and his word is not in us. 1 John 1:10.

Man's good resolutions for the future cannot take away past sins. These sins can be taken away only by the blood of Christ, which is reached in complete obedience to his will.

The Holy Scripture revealed in the 10th chapter of Acts the conversion of Cornelius, an officer of the Roman army. There are few people in the world who possess the moral attributes of Cornelius.

Let us briefly examine the characteristics of this man:

A. A devout man; showing his sincerity.

B. He gave much alms (money) to the people thus showing his love for humanity.

C. Prayer to God always; showing his consistency in his intended worship.

Although Cornelius possessed all of these moral attributes, he was not in a saved or pardoned condition. The angel told him to send for Peter and Peter would tell him words whereby he might be saved.

Paul said in 2 Thess. 1:7-8 that Christ would come and take vengeance on all who know not God and obey not the gospel. The Hebrew writer said that Jesus became the author of eternal salvation to all those that obey him.

Morality cannot take the place of obedience. Morality is an obligation of the Christian, but it doesn't make a Christian.

—Bobby Joe Sims

CLUB ROOM CAPERS

Well guys and gals, here once again is your host Dralliw Sivad. As some of you know the club has catered to private parties lately. I was fortunate enough to attend one of the gala events.

The Commercial Club was very fortunate in that they were able to secure this elite spot for their party. First on the agenda was a wonderful meal, or banquet, prepared downstairs in the Tomain Tavern. We also had excellent service. You could have anything you wanted as long as you got it yourself.

After this delicious meal, we had several games composed of questions and answers; these games being designed to test the mental capacity of the participants. At the conclusion of these games that were prepared by Frances Hunter, Willard Davis told some pointless jokes which were enjoyed by none.

I am going to see if I can get the representatives of the local radio station WJY-5 located in the boys dormitory, to broadcast club room capers. However, Mr. Tom Holland and Mr. Joe Richter, co-owners, will have to be consulted. Their station is located somewhere on your dial and my favorite program is "Popcorn and Jive".

Oh yes! Just a word about the "couple of the club". I think Bud Huntoon and Marian Kindrick would be a good selection, don't you?

Willard Davis, Feature Editor

Puzzle

yourself better as well as the school.

School spirit is an absolute essential. You are wonderfully blessed by being here under the guidance and influence of godly men and women. Stop and think about this and "Boost Freed-Hardeman."

Sportsmanship

By Dale Buckley

Sportsmanship is the conduct becoming a sportsman, involving honesty, rivalry, courteous relations and graceful acceptance of the results.

Too often we see a lack of the above characteristics exhibited. If we are to grow to be outstanding citizens of our country, now is the time to begin.

One of the best ways to test our sportsmanship is, by watching our conduct when we play ball. Many people seem to be good citizens until they are put to the test, but when they participate in ball games they show

other people the kind of persons they really are.

When our school plays ball, we should all go to the games and support them, even if we don't take part in the game. If we are good sports we will back them to the fullest extent, but we'll never get mad at the other team or the officials.

Sportsmanship is also exhibited by our conduct on the campus and in the class-room. Quite often we see students pushing in the line at the cafeteria, or when they go to the post office.

We should always remember the golden rule, and this will make us better sports.

Social Distractions

By Dale Buckley

We as Christians should be very careful about the pleasures that we participate in. There are many kinds of pleasures that are sinful, but there are also many kinds of wholesome ones.

Before we participate in any pleasure we should ask ourselves, "Will this do my body physical harm?" If the answer is, "Yes," we can't afford to do this.

One of the outstanding reasons we cannot take part in certain pleasures is that it may destroy our influence as Christians. Our manner of living should be so spotless that no one can question our faith in Christianity.

A question we should ask ourselves before we take part in any pleasure is, "Would I ask Jesus to go there with me if He were living on earth, or would He do this if He were in my place, or would I want to be doing this when I die or if the world were to come to an end?" If we can't answer "Yes," to all of these, we should not consider seeking that pleasure.

Christians are to live above reproach as we are commanded in Matt. 5:16; "Even so let your light so shine before men; that they may see your good works, and glorify your Father who is in heaven."

Where Is Happiness

Not in unbelief—
Voltaire was an infidel of the most pronounced type. He wrote: "I wish I had never been born."
Not in pleasure—
Lord Byron lived a life of pleasure if anyone did. He wrote: "The worm, the canker, and the grief are mine alone."
Not on money—
Jay Gould, the American millionaire, had plenty of that. When dying he said: "I suppose I am the most miserable man on earth."
Not in position and fame—
Lord Beaconsfield enjoyed

more than his share of both. He wrote: "Yotuh is a mistake; manhood, a struggle; old age, a regret."
Not in military glory—
Alexander the Great conquered the known world in his day. Having done so, he wept in his tent, because he said, "there are no more worlds to conquer."
Where, then is happiness found?
The answer is simple: In Christ alone. He said: "I will see you again, and your heart shall rejoice, and your joy no man taketh from you." Selected.

GO

Hear your commission, O Church of the Master;
Friends and disciples of Jesus, take heed.
How are you doing the works of the Father?
How are you caring for hunger and need?
Useless to stay in your doorway and beckon;
Those who most need you will never come in.
Fighting the devil with art and with culture,
How he must laugh in his stronghold of sin!
Go to the sheep that are scattered and fainting,
Having no shepherds, and tell them to come;
Go to the highways and tell every creature
Still the feast waiteth and yet there is room.
Go—the time shortens, the night is approaching,
Harvest are whitening and reapers are few,
Somewhere, perhaps, in the darkness are dying
Souls that might enter the Kingdom with you.
Go—for the foe goeth, tireless, cunning;
Body and soul he is holding in fee.
Go lift his gauge in the might of the Stronger,
And in that power declare the slaves free.
Go—our Lord goeth to man's petty judgment,
Bearing His cross in the midst of His foes;
Let us go forth to Him, mocked and derided,
Bear His reproaches and share in His woes.
Go—Church of Christ, for he goeth before you,
And all the way that ye take

A VOICE FROM THE PAST

It is a misnomer, a wrong name to call a body of people with no mission to save sinners a church of Christ or of God. A church of Christ is a body of people in which Christ's spirit dwells. It is a slander on Christ and His Spirit to say they dwell within a body that is not anxious and working to save souls and to honor God. The Spirit of Christ would not permit Him to remain quiet in heaven with man unsaved. No more will His Spirit rest content in a church doing nothing to save souls. A church that is not reaching out and striving to save souls and build up the kingdom of God is not a church of the Lord Jesus Christ.
Every Christian must partake of the Spirit of Christ in becoming a Christian. "If any man have not the Spirit of Christ he is none of his." (Rom. 8:9) No man has the Spirit of Christ in him if he does not strive to save souls from their sins. No man is a child of God that makes no efforts and sacrifices to save sinners from death.
What are we doing as churches and as Christians to save men from their sins? If we are doing nothing, how dare we call ourselves Christians or churches of Christ? To pretend to be Christians or churches of Christ, while doing nothing to entitle us to the name is to make hypocrites of ourselves.
Every church, no matter how weak or few in number or poor in this world's goods, should have some place to teach others. It should send out its own members, young and old, male and female, to teach each in his or her own proper sphere the word of God to the ignorant and the
He doth know.
On the bright morrow He'll say:
"Come, ye blessed";
But till the dawning the message is, "Go"

A VOICE FROM THE PAST

Let none imagine that the subjoined propositions are at all intended as an overture towards a new creed, or standard for the church, or, as in any wise designed to be made a term of communion;—nothing can be farther from our intention. They are merely designed for opening up the way, that we may come fairly and firmly to original grounds upon clear and certain premises; and take up things just as the Apostles left them.—That thus disentangled from the accruing embarrassments of intervening ages, we may stand with evidence upon the same ground on which the church stood at the beginning—having said so much to solicit attention and prevent mistake, we submit as follows:

Prop. 1. That the church of Christ upon earth is essentially, intentionally, and constitutionally one; consisting of all those in every place that profess their faith in Christ and obedience to him in all things according to the scriptures, and that manifest the same by their tempers and conduct, and of none else, as none else can be truly and properly called Christians.

2. That although the church of Christ upon earth must necessarily exist in particular and distinct societies, locally separate from one another; yet there ought to be no schisms, no uncharitable divisions among them. They ought to receive each other as Christ Jesus hath also received them to the glory of God. And for this purpose, they ought all to walk by the same rule, to mind and speak the same thing; and to be perfectly joined together in the same mind, and the same judgment.

3. That in order to do this, nothing ought to be inculcated upon Christians as articles of faith; nor required of them as terms of communion, but what is expressly taught and enjoined upon them in the word of God. Nor ought anything to be admitted, as of Divine obligation, in their Church constitution and managements, but what is expressly enjoined by the authority of our Lord Jesus Christ and his apostles upon the New Testament Church; either by express terms or by approved precedent.
Thomas Campbell
in Declaration and Address, 1809

According to scientists, the chemical value of man is little more than a buck. According to the same scientists, the chemical value of woman depends entirely upon what drug store she patronizes.

Patronize our advertisers.

outcast. If they would learn themselves, let them teach others. Every man and every woman that believes Jesus is the Christ sent of God to save man should make a personal effort to teach and save others more ignorant in the Scriptures than themselves. "He that doeth righteousness is righteous," and no one else is. No one is a Christian who does not try to save others.

Are we Christians?

David Lipscomb, 1907

As usual, once a month we come around to empty the contents of the vacuum cleaner at our readers' feet. We've collected quite a bit of so called "trash" this month and we hope to have time to get around to it.
It looks as if Everett Conn has at last found his one and only. Could it be Glenda Adair is the one?

Who's been getting long distance telephone calls at the Lipe House and trying to keep them a secret? We hear everything.

Now, Bill J. and Royce, let's not fight over Theta. Time about is fair play, we've always heard.

Seems that we have a six man crew here paired off in twos, these being Betty Jo Morris and Guy Roberson, Betty Jean Skelton and John A. Cathey and Dorothy Thompson and Armando Garcia. If you see one, you usually see the other five.

Moving our spyglasses across the campus we see two new creatures upon the horizon. Let's take a closer look and see if we can make out what it is. Surely it's not; no, it can't be; yes, it is—Sue Traw and Bill Burton.

Just for curiosity's sake let's take a look in the lobby of the girl's dormitory. Entering the front door, to the right we find Pam and Homer, to the left Jane and Ivan, and across from them, Marvin and Roberta and in the only seat left, Jean and Mickey. I imagine if you look in a week from tonight you'd find the same couples in the same places.

I wonder why Pat Wallace goes home so much? Could it be because of a certain boy by the name of James is still there?

Rumors are flying! One of them says Joy Martin hears from the boy who preaches where she lives.

A new fad has started in the girls' dorm with Coleen Hall sleeping on cracker crumbs, and we also wonder what June Hardin slept on the night her sheets were gone when she returned from the library.

Quite a few people have been asking Susie Anderson what's on her mind. What a silly question! We know, Gordon Elliott.

Bill Lovelace was very happy last week when Wilma was back on the campus visiting.

Someone has said Jerry Smith and "Bones" are just good friends but if that's the case, they are very good friends.

Irene, Lewis and Libby report that they had a grand time in Missouri visiting Sue and Dorsey. I imagine so!

Thelma Thompson and Bill Welch have been seen together quite frequently lately. Congratulations, kids.

Ruby Sain was with Joe Lewis during the weekend between quarters. This is something new. Wilma Hurst and Jerry Porter seem to be making it fine. Keep up the good work, kids.

We all thought Catherine Watkins was going steady, but who did we see her with at the ball game with Union? Yes, you're right. Willard Davis.

Something new has been add-

ed! Pam has Homer's ring. We wonder.

There's been talk of too many students failing. Students say the teachers are too hard, while the teachers say the students are "lovesick". Just which is it?

Some of the girls in the dorm have been getting local telephone calls from boys who say they are someone else. What about it, Luna?

Come on Emmer, give the girls a break. We know some girls who would enjoy getting a tumble from you.

Bud, how do you like Louisiana? We're sure you enjoyed your visit with Marion last week end.

So long for now.

PREACHERS CLUB ELECTS OFFICERS

Friday, March 2, the election of officers for the next six weeks was held in the meeting of the Preachers Club. Bro. Herman Bane was elected president of the Club. Robert Taylor was elected vice-president, and Randy Jernigan was elected sergeant-at-arms.

One hundred and fifty boys are members of the Preachers Club. Each Friday night six of the boys deliver seven-minute sermons. Following this, the sponsor of the club, Dr. W. C. Hall, offers constructive criticism of the sermons. The purpose of this is to perfect methods of delivery.

SPRING SOFTBALL SEASON OPENS

If the new intramural softball season follows the precedent established in athletics this year the Philos will come through with the championship. Already the other three societies have won titles, and neither has taken more than one. The Sigma Rhos won the touch football crown after a tight race. Alpha Taus meanwhile, was wrapping up the fall softball crown.

Phi Kappa romped through

the recently completed basketball season without a defeat. The champions had two close calls in triumphs over Alpha Tau, 14-12, and Philos, 12-10. The Alpha Tau team lost three games all of them to the pennant winners. The Philos toppled the Sigma Rhos in two of three meetings, thus winning the fight for third place.

Should the Philos, or any team other than the Alpha Taus win the softball title, a playoff game between Alpha Taus and the spring champ will be played for the year's honors in the sport.

SIGMA RHO SOCIETY

On March 13 the Sigma Rho Society held its regular meeting with Waylon Lawrence presiding.

Officers elected to serve the first six weeks of the quarter are as follows: president, Allen Barker; first vice-president, Royce Reynolds; second vice-president, Bobby Wilson; secretary, Jerry Smith; sergeant-at-arms, Betty Petty.

What we are speaks so loud that others cannot hear what we have to say.

ROUND-UP OF SPORTS AT F-HC

Freed-Hardeman went through its first intercollegiate basketball season in nine years with more startling combinations than you could crowd on a gym floor. The Lions, under Coaches Witt and Dunivant lost several men via the armed forces and still others due to scholastic regulations. The combination of Daniel, Frost, Harlman, Fisher and Scoggins, which started the last several games of the season listed only one man, James Daniel, who opened the season on either the starting five or the squad. Daniel, freshman from Georgia, started every game for the Lions.

The Lions won only one regular season game, hit tremendous figures in doing that. The team baffled independent Brown Shoe Company, 93-34 in the last game before the Yuletide holidays.

Freed-Hardeman played the majority of its games against Senior college competition, and did its best against the junior college squads it played. Powerful David Lipscomb, which went on to capture the V. S. A. C. championship, furnished the opposition in the season opener at Nashville. Lipscomb won, 82-55. Daniel scored 23, Newberry, 14 for F.H.C. Independent Bemis 'Y' eked out a narrow, 60-55, win in the first home game, as the collegians played above expectations.

Jack Newberry went on a sensational 35 point scoring spree against Lambuth in Jackson but the Eagles won 96-67. After the holidays Bethel College took a 69-48 game which was extremely close for one quarter. Then Martin College of Pulaski surprised our team with two straight victories, 52-43, there; and 50-55, on the Chester County High court.

Bethel ran up an 82-49 score, Lambuth piled up 103-65 and U-T Jr., College came from behind to win, 65-58. Daniel pumped in 27 points in each of these three games. Joe Lewis had his best night of the year against Bethel with 12 points. Jere Frost joined the squad, scored 15 against Lambuth, and pumped in 21 points against the Junior Vols.

The team gave mighty Union a tremendous surprise, finally losing by seven points, 61-54. A few nights later the Bulldogs poured it on in the Jackson Armory 91-43. Itawamba's fine junior college team beat the Lions 73-51 and the Lions let them get by 56-55 in a heart-breaking season ender in the college team.

At least six of the team's games could have gone either way. They were nip and tuck until the final minutes of play.

Daniel's consistently phenomenal scoring punch easily put him

COMMERCIAL CLUB ELECTS OFFICERS

On February 21, 1951, the Commercial Club met in the Home Economics Club Room for a social between 6:00 and 7:00 p.m.

After the meal the meeting was called to order by President Dale Buckley. Officers elected for the third quarter were: President, Howard Miller; vice-president, Theta Leewright; secretary-treasurer, Marguerite White; reporter, Neil Mabry.

Armando Garcia, Cuban student, was introduced as a new member. The club is inviting others who are interested in the club to become members.

Very Vera Vague

"Doctor," said the woman, "I can't say why, but I get a sort of pain, I don't know where and it leaves me in a kind of—sort of—well, I don't know what."

The doctor replied thoughtfully, "Here's a prescription for I don't know what. Take it I don't know how many times a day, for I can't tell you how long, and you'll be better I don't know when."

on top of the team's point makers. The Georgia freshman pumped in 305 tallies in fourteen games, many of them with a spectacular one handed jump shot. His game average was 21.6. Only one time did he fail to hit in the double figures, that when he netted four points against Lambuth. He had his biggest night in the last game of the season, amassing 31 points against Itawamba. In each of ten games Daniel scored twenty or more points.

The Lions lost one of their ace scorers when Jack Newberry went to the services shortly after Christmas. Newberry's average in five games was 16.4 but that doesn't tell the story. Against Lambuth he tallied 35 points, but the tension of his last game against Bethel held him scoreless.

In the season opener the Lions started with Daniel and Newberry at forwards, Marles Volner at center and Frank Patterson and Max Deming at guards. The reserves were Cleo Hanna, Don Starks, Allen Dixon, Billy Montgomery, Joe Lewis, Red Reid and Charles Landers. Later in the season the squad changed with Hudson Nichols, Leonard Brown and Curley Fisher joining the crew. Later in the year Jere Frost, Red Harriman, Scoggins and Everett Donaldson joined the team. Thus the Freed-Hardeman Varsity was composed of 19 players during the year. Even the manager's position changed hands, Willard Davis stepping in for Jimmy Nash.

Using official scores, though, the Freed-Hardeman Lions, who didn't win a game against college competition are one point better than the University of Kentucky, rated by the press and coaches as the nation's best cage team. Vanderbilt's 4 point victory over Kentucky proved that Lipscomb, 2 point winner over Vanderbilt, was six points better than Kentucky. That makes Union, which beat Lipscomb by 2, eight points better than Kentucky. Union defeated Freed-Hardeman by seven points, thus the Lions are one point better than Adolph Rupp's Tucky five. It's odd but true!!
