NUMBER 7

Treasure Chest Sales Underway

"Treasure Chest" sales have begun, with all seniors acting as salesmen. The seniors are divided into four teams, under the leadership of four captains—Bill Smotherman, J. F. Dancer, Winston Brackeen and Ronnie Milton.

These four teams are competing with one another in the selling of the 1953 Treasure Chest, which will arrive in a few weeks.

The 1953 Treasure Chest will contain twenty-eight more pages than last year's annual and many new features have been added.

Only \$2.50 is required to insure the delivery of your copy. Lower your sales resistance; get your copy now!

In years to come your Treasure Chest will recall many priceless memories of days at F-HC.

ALPHA GAMMA DELTA TO SPONSOR PROGRAM

At a recent meeting of the Alpha Gamma Delta, Freed-Hardeman Honor Society, it was decided that the club should sponsor a program entitled "Happy Holidays", a variety show involving talent from all members of the club.

The date has not yet been set for the program.

Officers elected for the spring quarter were: President, Neal Pryor; Vice-president, Winston Brackeen; Secretary, Anne Lucy; Treasurer, William Woodson; Reporter, Berdyne Henry.

New members recently initiated into the organization are: Libby Harrison, Martha Ary, Berdyne Henry and John Hollingsworth.

F-HC Homemakers Observe Home Ec Week In Tennessee

By Jackie Harvey

The Freed-Hardeman Home Economics department recently observed Home Economics Week in Tennessee by decorating several store windows in town and presenting a fashion show for the student body. The two best windows were selected and the posters taken to the Tennessee Home Economics Association convention April 17-18 in Memphis, to be judged in the state contest.

In observing Home Economics Week the F-HC chapter used the theme "Careers in Home Economics". Different windows illustrated different careers.

The window which took first place was entitled "Careers in Fashion Designing", and was considered the most representative of that career by a panel of distinguished judges. Those responsible for the window decoration were Zane Lawson and Joan Stone.

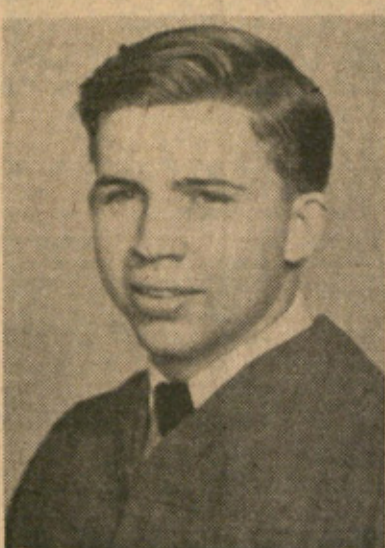

A window illustrating necessary supplies for the home medicine chest received the title of second best. Rose Anna Thomas and Naomi Carnahan were the decorators.

Serving on the panel of judges were Miss Lora Laycook, Mrs. Mealus Swann and Mrs. Roberta Horn.

Cooperating with the club and making use of their windows and goods possible were Hardeman Hardware, C. M. Foy, Gibsons' Mitchell's Dry Goods, City Drug Store and Popular Price Store.

KATHERINE FICKLE

EIGHT SENIORS ARE NAMED HONOR STUDENTS AT F-HC; HIGH AVERAGES ARE LISTED

Honor students for the 1953 senior class are Katherine Fickle, Foy Lisenby, co-valedictorians; Virginia Randolph, Glenda Dabbs, Bettye Smotherman, Robert Lyman, Homer Picklesimer, and Rena Faye Bishop.

Katherine Fickle, co-valedictorian with a 2.86 average, from Samburg, Tennessee has been a member of the Phi Kappa and Commercial Club during her two years at Freed-Hardeman College. She plans to go to St. Louis and work after graduation.

Foy Lisenby, co-valedictorian with 2.86 average, from Jackson, Tenn., has

been a member of the Philo, Alpha Gamma Delta, editor of the Sky Rocket, and member of the annual staff. Foy plans to be a teacher. He hopes to get his B.A. degree from Union University in '55 with a major in English and a minor in History.

Virginia Randolph, holding a 2.76 average, is originally from Huntsville, Alabama. She was a member of the Alpha Gamma Delta, Sigma Rho and editor of the Sky Rocket.

Glenda Dabbs, from Linden, Tennessee, maintained a 2.69 average during the five quarters of her college work here. Glenda has been a member of the Alpha Gamma Delta. She also was selected as the most intellectual girl in the annual contest this year. Her future plans are to go to Lipscomb for further study to make a librarian.

Bettye Smotherman, from Mt. Dora, Florida, has succeeded in keeping a 2.61 average. She has been a Phi Kappa, Thespian, cheerleader, and editor of the Treasure Chest. Betty has been taking a pre-law course here at FHC and plans to go to Lipscomb to continue her study.

Robert Lyman whose home is in California, has a 2.60 average. He has been a member of the Alpha Gamma Delta and the Preachers Club. Now he is preaching at Piney Grove, Alabama. He plans to attend the University of California.

Homer Picklesimer, Jr., who hails from Vilga, Kentucky, has a 2.58 average. During his two years at Freed-Hardeman he has been a member of the Alpha Taus, Preachers Club and Evangelistic Forum. He plans to come back to FHC next year for the third year preachers' course.

Rena Faye Bishop, from Steele, Missouri, has a 2.57 average. While at FHC, Rena Faye has been a Sigma Rho, played basketball and softball, and was teacher of physical education this year. She plans to work in Milan, Tennessee.

SENIOR PROJECT TOLD

The 1953 senior class project will be the installation of bleachers for the athletic field, President William Wilder announced recently.

"Construction of bleachers to seat 80 will begin in the near future," stated Wilder.

Freed-Hardeman meetings this spring. Chattanooga had 75, Memphis 143, Kentucky Lake 88, Reelfoot Lake 177, Columbus, Mississippi 89, Florence, Alabama 125, Athens, Alabama 100, and Cardwell Missouri 89.

A meeting will be held in Detroit, Michigan on June 5 and Parkersburg, West Virginia on June 11, according to an announcement by W. A. Bradfield, Executive Secretary.

CONTEST DEADLINE IS EXTENDED

The deadline for the Sky Rocket essay contest on "The Christian and Other Races" has been extended till May 1, in order to give more students the opportunity to enter the contest.

Students are urged to participate in the contest, the purposes of which are to stimulate thought on the race problem and to promote journalistic interest among the student body.

Prizes of \$5.00 and \$2.50 will be awarded to first and second place winners, respectively.

The essays must be typewritten and must not exceed 400 words in length.

ALPHA TAU GIRLS AHEAD

Behind the dynamic hurling of such pitchers as Oconee Henry, the Alpha Tau girls have mustered their feminine forces to surge to the front in the girls' division of intramural softball.

The Taus with a 3-0 record are trailed by Sigma Rho, Phi Kappa and Philos, in that order.

15 Thespians Get Letters For Unusual Work

Fifteen Thespians are receiving letters for outstanding work and cooperation for this year's work. They are: Foy Lisenby, Bettye Smotherman, Don Osborne, Nancy Green, Myrt Cunningham, Martha Darnell, Carolyn Sullenger, Ann Lucy, Winston Brackeen, Douglas James, Earlene Watson, Sylvia Dunn, Mildred Ellis, Billy Ringold, and Bill Smotherman.

The Thespians have recently chosen the following as honorary members: Jerrel Dean Hill, Margaret Raspberry, Betsy Gately, Nancy Patterson and Billy Ray Davidson. They were chosen for their outstanding ability shown in programs and also high school participation.

The romantic drama, Jane Eyre, was a big success. The cast and all Thespians enjoyed a party at the College Inn after the performance.

By Nancy Greene

F-HC Alumni Meetings Attract Record Crowds

The last of eight sectional alumni meetings of Freed-Hardeman College was held in the high school cafeteria in Cardwell, Missouri, on April 20. Eighty-nine alumni, friends and prospective students enjoyed a delicious dinner served by Miss Baysinger and her home economics class of Cardwell High School.

Paul Summitt of Cardwell served as master of ceremonies and J. E. Summitt, Superintendent of Schools, gave the welcome address. C. L. Purdom of Paragould, Arkansas, spoke for the Board of Directors, W. A. Bradfield, John Brinn, and Kelley Doyle represented the faculty and Ruth Carol Owens of Wardell, Missouri, and Joe Pruett of Paragould, Arkansas, represented the student body.

The largest attendance in history has been recorded for the

A HINT TO THE WISE

Have you ever thought of what it would be like to peer into the future? No doubt it would be some fun, eh? Well, come with the old Swami Salami and let us look into the 1970's...

There you are sitting by the fireside, with all the family huddled around, turning through the pages of the 1953 TREASURE CHEST. My, my, those were the good old days, you think. Look at all those pictures of the gang back in '53. Sure is wonderful to have those precious memories preserved through all the years, eh? Sure is nice to have all those autographs from your pals and gals back at the old Alma Mammy....

How's that for a look into the future? It will be a pretty accurate preview for you if you get your copy of the 1953 TREASURE CHEST.

Seniors are selling annuals right now, in advance. The price is \$5.00, and for \$2.50 you can get your copy reserved. The price of publication is \$12 per, but through the efforts of the annual staff you can save seven fish... and the increase in size over last year's annual is 28 pages!

This year's TREASURE CHEST will be the biggest in the history of the school... 156 big pages, a veritable TREASURE CHEST of priceless memories...

Save your money and reserve your copy as soon as possible.

You'll regret spending your loot on cokes and candy if you're penniless when D-Day (delivery day) arrives.

It's big... it's a bargain... it's beautiful; it's the TREASURE CHEST for 1953!

GRATITUDE

By Neal Pryor

In Luke 17:11-17, there is the account of Jesus' healing ten lepers. These men cried unto Jesus to have mercy on them. Our Lord told them to go show themselves unto the priests. As they went on their way, they noticed that they were cleansed. However only one of the ten returned to thank the Lord. This is a true example of ingratitude.

Why can't we also be grateful? We have been cured of a disease far worse than leprosy. Our Lord died upon the cross that we might be healed of our sins, yet

we who have received more benefits than the leper turn our backs in ingratitude. Of all people a Christian should be by far the most grateful person upon earth. It has been said that ingratitude is a greater sin than revenge; for revenge is returning evil for evil, but ingratitude is rendering evil for good.

We should show our gratitude by our works just as we show our faith by our works. The leper was not merely thankful that he had been healed; he returned and fell

(Continued on Page Three)

UNCLE DUDLEY

Well, it's good ole fishin' weather again. Which reminds me of the latest fish story:

A feller accidentally dropped a bottle of hair tonic in the creek, and purty soon all the fish started to grow beards. The local fishermen took advantage of the situation, planted red and white barber poles near the edge of the creek, and sat back and holleerd "next".

Recovered from that one? Okay, here's another... A lunatic was fishin' with a large, handsome rod and reel; but the hook was dangling in a very empty fishbowl. A smart aleck comes along and sez: "How many have you caught?"

"You," replied the lunatic, "are the fourth."

Your ole Uncle Dudley was eavesdropping on a Survey of Civilization class the other day, and picked up this bit of information:

Teacher asked, "What was the former ruler of Russia called?" The class replied in unison, "Tsar."

"Correct," replied the professor. "And what did they call his wife?" Class answered, "Tsarina."

Then the teacher asked what the Tsar's children were called, and there was a pause... then a timid voice in the rear piped up: "Tsardines!"

Which reminds me of a definition or two I picked up... a pacifist is someone who cannot argue in favor of peace without using his fists... a co-ed is a girl who also goes to college... a hick is a person who looks both ways before crossing a one-way street.

SENATOR ESTES KEFAUVER SPOKE AT F-H COLLEGE

On April 9, Senator Estes Kefauver was guest speaker for chapel at Freed-Hardeman. Kefauver, who has been senator for 4 years and was a member of the House of Representatives for 10 years, has been wanting to come to FHC for a visit for a long time but was unable to do so. He has been in Washington but had the week off.

Joe Rainey and Carl Melton, two of Mr. Kefauver's friends from Henderson, also attended chapel with him. Senator Kefauver stated that it was good to get away from Washington for a few days. He said that he would not take anything for the seven or eight months that he spent traveling across the nation during his campaign for president for the Democratic party.

He also acknowledged that although there are two major parties, there is really no difference in the people because they all want a good government. This is no time, he stated, to oppose the policies of the nation but it is a time to back up the great program.

Senator Kefauver feels that there is also no greater mission outside of the ministry than taking an active part in the affairs of the nation. He believes that it is good and right for the young people of the nation to take part in politics. There are many things that we can do, and it is in the power of the American

people to do it.

If we can show the people in the neutral nations and behind the Iron Curtain that it is best to side with us, we can win this great aim of having peace in the world. We are being looked at by people all over the world as an ideal for them. Therefore, we must show by our example that the high principles of spiritual value are important.

Healthy, economic and spiritual conditions are the best remedy for combating communism in the world stated Senator Kefauver.

WHICH?

By Billy Ray Davidson

We are walking by faith or by opinions. To walk by faith is to walk by the revealed word of God. Romans 10:17 says that faith comes by hearing and hearing by the word of God. We have to hear and believe the word of God in order to have faith. Then, a person must show his faith by his works. Faith without works is dead. James 2:17.

To walk by opinion is to walk according to what men think. Men think that to have music in the worship is acceptable to God. In Ephesians 5:19 and James 5:13 we are commanded to sing and make melody in our hearts to the Lord. Not one place in the Bible can we find scripture commanding us to use the instruments of music. We are to sing and that is the only music acceptable unto God.

We are walking by faith or opinion. Which? Let's walk by FAITH.

There are two rulers in this world and we must serve one. If we are walking by faith, we are serving Christ. In Matthew 28:18 we find that Christ has all power in heaven and in earth. Our Lord has power to do all the work of mediation and grace between God and man. After his obedience unto death, and his sacrifice on the cross, he became the "mediator", the one authorized to stand between God and man. Christ has all power and we are to serve Him only. To serve Christ, we must get into Christ. Do the things that are set forth in the Word of God. We are to hear, believe, repent, confess His name and be baptized in order to get into Christ. Once in Christ we should let our lights so shine before men that they will see our good work and glorify the Father which is in Heaven. Matthew 5:16.

If we are walking by the opin-

ions of men, we are serving Satan. After Jesus was baptized he went into the wilderness and there Satan appeared unto him and tempted him. Matthew 4:3-10. Christ resisted or turned down the temptations of the devil. Why can't we turn down Satan's temptations. In the beginning of time when Adam and Eve were in the Garden of Eden, God told them not to eat of a certain fruit and if they did, they would surely die. Satan told them to go ahead and eat. They did and sinned against God.

We are serving one. Which? Let's serve Christ.

If we walk by faith and serve Christ, we will spend eternity in heaven. In Revelation 21:24-27, after having described the new heaven, tells just who will be there. Will you be the one that enters through the strait and narrow way, or have you walked by the opinions of men, served the devil? If so you will spend eternity in the Lake of Fire. We will spend eternity in one of these places. Which?

CHORUS PRESENTS SEVERAL PROGRAMS

By Don Moore

Recently the college chorus performed at Dresden, Tennessee where they received a hearty welcome and enjoyed a very pleasant evening.

On Monday, April 13, the chorus journeyed to New Albany, Mississippi. A delicious dinner was enjoyed at a local hotel, after which the group entertained a very attentive audience of about 500.

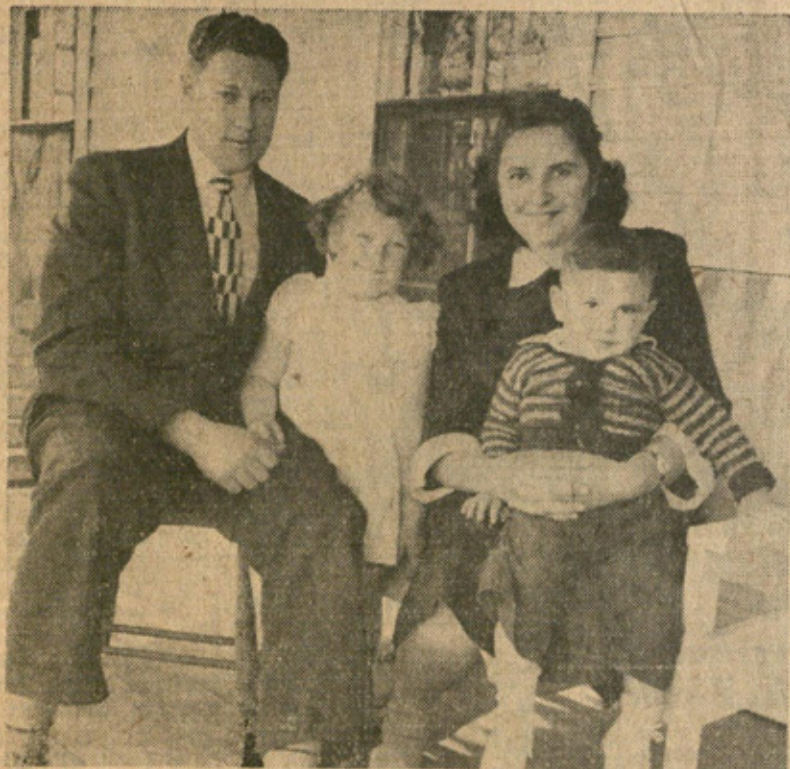

Other recent trips of the chorus were to Trimble, Tennessee and Alamo, Tennessee. The group enjoyed both of these excursions immensely.

They are looking forward to future trips to David Lipscomb College, Athens Bible School, and Dasher Bible School.

Public Opinion Poll

Everywhere one goes he hears people telling about the tremendous amount of work or studying they have to do. This causes a thought about what they would do if they could do as they wanted to do. To find out and help them get a load off their chest at the same time we have asked this question, "If you had one day to spend as you please, where would you go or what would you do?"

Pat Grady: What a stupid question!

Anne Lucy: I'd pick me out a great big shade tree and sit down under it.

Raymond Harville: I'd get me an all day sucker and see if it really would last all day.

Al Bowers: I'm blank.

Delores Edens: I'd rest.

Mert Darnall: I'd go frog hunting.

Barbara Holland: I'd go to the chemistry lab and mix everything down there.

Glenda Dabbs: I'd stay at home and sleep all day.

Bro. Gardner: I'd make some hard test for a change.

John Hollingsworth: I'd go to Lewisburg and see what is the matter with the Ford I bought from Bro. Doyle.

Earl Hartsel: I'd lock Miss Lora up in the girls dorm and let all the girls go out with me.

Ruth Carol Owens: Study the muscles of the frog.

Billy Ringold: I'd write a year's supply of chapel speeches for Bro. Dunavant.

Edwin Blackwell: I'd go home and be with my girl.

Norman Miles: I'd go home.

James Turner: I'd buy a convertible with a wolf whistle.

Ernie Harrison: I'd take a slow boat to China and make Whoopie Mississippi style.

Roy Enoch: I'd go to Kentucky and work in a sawmill.

John Eason: I'd stay in bed.

Dwain Dickerson: I would spend the day studying.

George Bedwell: I'd go up and tutor Dwain.

Jean Hall: I'd help them study.

Billy Lewelling: Stack every room in the dorm.

Valeria Sain: Ring the bell in the girls dorm.

Rena Bishop: I'll get off the campus for sure, I won't say with whom.

Bones Montgomery: I'd go to Paris and go sight seeing along the famous streets there.

Nancy Greene: I'd sleep all day and talk the rest of it.

Sylvia Dunn: I would go to the Great Lakes and go boat riding.

Jeanne Creasy: I'd go to Hawaii.

John Adams: I'd like to feed frog stew to Bro. Dunavant.

Jane Mathis: I'd cook the stew.

Oconee Henry: I'd put a stopper in Old Faithful.

Club News

Girls Religious Training Class

There have been some very interesting programs in the Girls' Training Class. On March 27, there was a panel discussion on problems of young Christians. The members of the panel were Martha Oarnell, Margaret Raspberry, Katherine Pickle, Sylvia Dunn, Ann Lucy, Earline Watson and Pat Jones. Some of the problems were discussed but those that were not will be discussed at a future date.

There is a wide variety in the meetings. Sometimes short talks are presented, and other times a meeting is set aside for singing.

The good attendance is really appreciated. This shows the interest and zeal in the young women to want to learn their duties as young Christian women.

Sigma Rho

Recently selected as the captain of the Sigma Rho girls softball team was Doris Rowlett.

In the meeting of April 13, the following officers were elected to

(Continued on Page Four)

YOU, TOO, CAN GET THROUGH COLLEGE

In this day and time, especially in this place, everyone has a need for a college education. Everyone has the same opportunity, according to the ten plans or points given below. Credit goes to Prof. Robert Tyson, of the Psychology department at Hunter College, Somewhere, U.S.A.

Just check the following if you are not already convinced. They are:

1. Bring your professor newspaper clippings dealing with his subject.

2. Look alert—take notes eagerly. If you look at your watch, don't shake it and stare at it unbelievably.

3. Nod frequently and murmur, "How true!" (may lead to cantankerous glances.)

4. Sit in front, near him. (Then he will look over you to the back seat characters, which are really the best in the class.)

5. Laugh at his jokes, you can tell. If he glances up from his notes and smiles expectantly, he has told a joke (nothing is greater than a lone laugh in a classroom.)

6. Ask for outside reading—you don't have to read it. Just ask.

7. If you must sleep, arrange for someone to wake you so you won't be left alone snoring.

8. If you must read, be sure the book you are reading matches the size and color of the one in the course.

9. Ask questions you think he can answer—don't ask ones you know he can't.

10. Call attention to any books or articles you think he has written.

CHATTER BOX

Here I come at you once again, give close attention to this news and be on the lookout for the results which may come of our characters listed herein for spring is in the air and with spring come laziness and love.

Our dear once thought of as bachelor friend, James Brown, really opened our eyes at Wednesday night services with Miss Sue Enoch by his side. (His third year here and is just coming out of hibernation!)

Our heartfelt sympathy goes to the once popular couple known as "Daddy and his girlfriend", since their parting. Maybe things work out for the best, eh kids?

A new couple becoming to the eye was Max Patterson, selected as the most handsome guy on the campus, and Bettye Greer, who has her share of looks, also. By the by, their wits combined are incompatible.

Bobby Sims isn't officially enrolled here this quarter but he spends a large portion of his time here. Of course Margaret Moore doesn't complain any.

It appears to me that Anta did not waste any time for now she has Martel all befuddled with her charms.

My look who is trailing Al Bowers these days! That gal, Betsy Gateley, better known as the third-floor live-wire. Waylon has once again tried to woo Velma. He just can't seem to get his mind made up.

That Arkansas fellow, Leon Watson, is on the right side of life, for now he's a sparkin' Sue Breedlove. And his brother, Olen, is right in his footsteps for he has been seeing Wilma Daniels to church services.

Oh Look! What? Rose Anna has hooked. With other punctuation; "Look what Rose Anna has hooked. None else but that Jacksonian, ahhh, Bob Cavendar!

Anne Lucy and Raymond Harville are keeping fairly steady company. Nothing but good could come of this, says I.

Doris Jackson and Raymond Tenpenny are at the present time conversing quite frequently these

days. That's o.k. kids, nothing wrong with conversing these days, I always say. Joe Johnston has finally settled for the charms and admiration of one girl for a while. That little lass is Zane Lawson who seems quite happy about the situation. Woodson and Creasey are now a good prospective lasting couple.

Kenneth Wilson just can't distinguish the real bell and those that are just in his mind. By the time June 15th comes, he and Lucille will be hearing the real wedding bells. Good luck, you elders and may happy days be your destiny.

A new couple coming to our view was George Bedwell and Gene Hall. Satisfied yet, Gene? Libby Harrison and Tom Downey are now trying their luck since spring is in the air and the birds are singing sweetly.

Glenda Dabbs isn't completely left out of this column. Does everyone know that she has a very good boyfriend up in Kentucky waiting for her. Oh, did I let a secret out? I am terribly sorry, really I am, Glenda.

Pat Jones and Nancy Green did find a new boyfriend for themselves. About them being perched on a fence post, we don't know, but we do know that they were John Eason and Ernie Harrison. Since our last issue Myrt and Joe have changed a bit. Then, they had decided to paddle their own canoes, but now they are in their joint rowboat and are making things go just dandy.

These boys surely are hard to manage. Ronnie Milton and Earf Hartsel had their dates to drive over from Alamo, Tenn., for the "Jane Eyre" presentation.

Carolyn Krumrei has a fiancee who is due home around the first of August. After that she will be very fragile for her name will be Mrs. Ronald Glass.

Time has come for me to shut up Just don't you forget to show up Can't think, too dumb, Inspiration won't come. Must go—gotta run, I see the setting of the sun!

MEN

By Justine Gibbons

Men are what women marry. They are divided into three classes: Husbands, Bachelors, and Widowers.

A Bachelor is a man whose mind is filled with obstinacy and whose soul is filled with suspicion.

Husbands are of three varieties: prizes, surprises and consolation prizes.

Making a husband out of a man is one of the highest arts known to civilization. It requires science, patience, persistence, faith, hope and charity.

If you flatter a man you frighten him to death; if you don't you bore him to death. If you permit him to make love to you, he gets tired of you in the end; and if you don't he gets tired of you in the beginning. If you believe all he tells you, then he thinks you are foolish; and if you don't he thinks you are a cynic.

If you wear gay colors, rouge and a startling hat, he hesitates to take you out. If you wear a little brown turban and a tailor-made suit, he takes you out and stares all evening at a woman in gay colors, rouge and a startling hat.

If you join the gaudies and approve of his smoking and drinking, he says you are driving him to destruction; if you don't approve, he vows that you are snobbish.

If you are the clinging vine type he doubts whether you have any brains, and if you are modern, advanced and intelligent woman, he doubts whether you have a heart. If you are silly, he longs for a bright mate, and if you are intelligent and brilliant he longs for a playmate.

Most men are like worms in the grass; they wiggle around for a while—then some chicken grabs them.

The one thing that is most frequently opened by mistake is the human mouth.

(Continued from Page Two) GRATITUDE

at Jesus' feet, giving him thanks. We can show our gratitude to Jesus by living for him. Our Lord said, "If ye love me, ye will keep my commandments." Let us resolve to be more grateful to our God by living a more useful life in his service.

Also we should be grateful to one another. How many times has someone done us a good deed and we have failed to thank them? Young people should be more considerate of those about them. They should express their gratitude at every opportunity. It has been said that the key to a successful life is contained in the two words, "Thank you."

The worried man appealed to the psychiatrist—"You've got to help me, doctor! All day long I want to eat grapes."

"Well, think nothing of that," soothed the doctor, "everybody eats grapes."

SIDELINE SLANTS

By Paul Kidwell

The sports fans of F.H.C. have really been having a busy time keeping up with all the events that have been taking place. With tennis, baseball and both girls and boys softball moving along it is impossible to see all the games and matches.

On the tennis scene a big double elimination tournament is starting into the second round of play. In the first round we saw some hotly contested matches and the second round is a promise of competition galore. One of the unlucky ones and probably the most unlucky guy in the matches is Don Yates. His first opponent in the drawing was Al Bowers and then in the second round he found himself facing Tom Downey . . . Probably the number one and two men of the tennis team. (We won't venture a guess as to which one will be number one—predictions are left to Niblock).

The girls also have been having a bang-up affair in their matches and the finalists are yet undetermined.

On the baseball picture we see a Lion team that could provide plenty of trouble for their opponents. In the games thus far the Lions have shown several bright spots. "Snookie-Lusk" is proving to be quite capable as a pitcher. His curve ball gave the Lambuth hitters considerable trouble and his very good control is likely to make it tough on several more swingers of the timber. One of the biggest problems of Coach Dunavant is the hit-

ting. It is rumored that after the first Lambuth game the Lions spent a good part of their practice sessions in the batters box learning to hit curve balls.

The Alpha Taus, behind the fine pitching of John Short, are leading the boys intramural softball league with three wins and no losses. The competition this season is much closer than in the fall season when the Rhos walked away with the title.

An added attraction to the sports scene is a set of horse-shoe stobs that have been installed near the tennis courts. I wonder how long it will be before someone comes upon the idea of having a horse-shoe tournament.

Brother Darnall seems to be taking even greater interest in tennis tournaments and tennis matches since he has a lady opponent. Which reminds me . . . Listen Alpha Taus . . . the next time you want to convict a teacher of playing tennis be sure to wait until exam week is past.

The Alpha girls really came through with scoring power in one of their games. Against the Philos they scored 34 runs while the Philos were collecting 12.

Lions Bow To Lambuth Eagles

The F.H. Lions dropped their opening game of the current season by a score of 7 to 4. The Lambuth pitching coupled with a strong hitting attack proved to be too much for the Lions.

The Lions, led by Herron and Bedwell, were able to collect only four hits. Herron and Bedwell were the only Lions to connect. Herron had two hits, one a homer which sailed over the left field wall. Bedwell also had two hits, both of them singles.

Elmer "Snookie" Lusk pitched a good game and managed to whiff nine of the Lambuth batters while allowing ten hits. Errors in the infield and outfield were very costly to the Lion cause.

Blankenship, the Lambuth pitcher managed to strike out fifteen Lions with a curve and a slider. The Lions especially had trouble with the curve balls and Coach B. G. Dunavant has been holding special curve ball drills since then.

In our second game with Lambuth it seems almost certain that we would have been more fortunate had the game been completed. The play was halted in the last half of the 7th inning

CLUB NEWS

serve for the final six weeks of school:

President, John Shelton; first vice president, Rebecca Stacy; second vice-president, Doris Jean Clark; secretary, J. F. Dancer; reporter, Berdyne Henry; sergeant-at-arms, Earl Hartsell.

ALPHA TAU

The Alpha Tau Society is well on its way to a very successful quarter of work.

The well-organized boys' softball team held a two out of three record at press time. The girls' team has a perfect record thus far.

At the last regular meeting new officers were elected to serve for the last six weeks. Waylon Lawrence will serve as president; Joe Pruett is first vice-president.

The other officers are as follows: Ken Ward, second vice-president; Velma Fox, secretary and June Bolt, sergeant-at-arms.

LIBRARY CLUB

On April 13, the Library Club went to David Lipscomb College at Nashville. They were accompanied by Mr. and Mrs. B. G. Dunavant. Members of the club who went were Doris Jackson, Dixie Donnell, Joan Stone, Elsie Griggs, Emma Gene Hawkins, Reta Watson, Delores Swanson, Dorothy Cook, and Nancy Davis. Aaron Herron also went.

While they were there they visited the Lipscomb Library Vanderbilt Library, Peabody Library and Joint University Library.

A farmer retired and moved to the city. On the first morning in their new home his wife said "Pa, it's time you got up and started the fire."

"Not me!" he exclaimed, nestling down deeper in bed. "We might as well start right now getting used to all the city conveniences. Call the fire department."

(a seven inning game) after a decision was protested by the Eagle coach.

The Lambuth Eagles were leading by a score of 7 to 6 but the Lions were in a rally. After scoring 2 runs the Lions had men on first and third with one out. A close play at third was contested by the Lambuth coach and the game was called by him.

Accordingly, the Lions had a right to claim forfeit but rather chose to play the game over at a later date. In this game the Lions had looked better at bat but were still hampered by errors.

American League Forecast

Well I am at it again, but believe me this one is a real toughy. However, not being one to run from trouble: "here goes". Personally I would like to see the banner flying somewhere other than Yankee Stadium but from here it looks as if the Yankees are well on the way to doing it again . . . I base this belief on the return of Lefty Ford from service and the tremendous slugging of Mickey Mantle. Also an outstanding factor is the management of Casey Stengel. His knack for doing the right thing at the right time is one factor in the recent success of Yankee teams. The Yankees have held the American League crown for so long now that it is hard to imagine anyone else with the championship. Extra incentive probably will be gained by the desire to set baseball history by winning the crown for the fifth consecutive year.

Cleveland looks to be a good choice for the runner-up spot. Fine pitching on the part of Mike Garcia, Bob Lemon, Early Wynn and rookie Al Aber will probably be the main factor in their success. The Indians have a strong outfield both defensively and in the use of the wood. The infield holds such players as big Luke Easter and Ray Boone. All in all the Indians look plenty tough and should finish in the number two spot.

Paul Richard's Chicago White Sox appear to be in line for the number three spot. The "go, go Sox" have possibly the best infield in the majors with the possible exception of Brooklyn. However, the Sox are apt to have trouble due to the lack of an efficient pitching staff and also a very outstanding absence of long ball hitters.

The Browns are likely to be the real surprise of the league and especially so since their numerous trades have apparently panned out well. They will be aided this spring by former Tigers Vic Wertz, Johnny Groth and Virgil Trucks. Another contribution of their trades will be found in former Redbird Harry "the cat" Brecheen. The infield will be greatly improved by the appearance of shortstop Bill Hunter just up from Ft. Worth. Not enough pitching to go higher than fourth though.

The A's have added power in Eddie Robinson and they are strengthened in the hurling by young Charley Bishop but trouble spots around second and third will be problems to be worked out.

The Washington Senators have a fine defensive team in both the infield and the outfield but are sadly lacking in punch and power at the plate. Bob Porterfield and Spec Shea are the only really tested and tried hurlers . . .

The Detroit Tigers have a fine

BOYS SOFTBALL IS OF GREAT INTEREST

By Edwin Blackwell

The softball season is again under way after a long wait during the winter months. The first round of the season has gone by and it was a very interesting one. The competition was better this spring than it was during the fall months. All of the games have been close ones with the exception of one that wasn't bad at that. The Alpha Tau team is at present leading the league with three wins and no losses. Their success is due in the main to the fine pitching of John Short, and also their hitting has been good. In the first round of play they have met and defeated all of the other teams and have looked good in doing it.

In second place we find the Phi Kappas. They have only been defeated one time, and that by the Alpha Tau team. The Kappas defeated the Sigma Rhos and the Philos. Their success has come as a result of the splendid hitting coupled with the pitching of E. M. Chandler. Chandler allowed only two runs in the completed first round but lost to the Taus by a score of 2 to 1.

The Sigma Rhos, champions of the fall quarter, seem to be having a rough time of it. Hitting in their last games has been at a virtual standstill.

The Philos were unable to win a game in the first round but several of their games were very close.

The season has two more rounds to go yet and many changes could come between now and then. At the close of the season the winner of the spring quarter plays the winner of the fall quarter for the championship.

At the end of the first round the games results were as follows:

Phi Kappa	2
Alpha Tau	1
Sigma Rho	11
Philo	10
Phi Kappa	7
Sigma Rho	1
Sigma Rho	1
Alpha Tau	3
Philo	3
Alpha Tau	4
Phi Kappa	4
Philo	3

pitching staff and a real slugger in Walt Dropo. Shortstop Harvey Kuenn and catcher Johnny Bucha are other bright spots but I doubt if they have the all around power and depth to lift them above the seventh position.

The Red Sox are in the midst of a rebuilding program and youth movement and therefore I expect them to have a rough summer. Gone are the standbys Ted Williams, Bobby Doerr, Walt Dropo and Vern Stephens. However the Sox have a promising crop of rookies and should prove to be troublesome in the coming seasons.
