

SKY ROCKET

VOLUME XXXII

FREED-HARDEMAN COLLEGE, HENDERSON, TENNESSEE, APRIL 23, 1954.

NUMBER 7

Rosemary Kopel To Head Annual Staff Next Year

By a recent decision Miss Rosemary Kopel was chosen to edit the 54-55 edition of The Treasure Chest. She will be the successor of Miss Myrt Cunningham who is now editor.

Rosemary is a freshmen student. During her year here she

Rosemary Kopel

has been very active in many activities. She was voted most intellectual girl, a member of Alpha Gamma Delta, Thespians and Sigma Rho in addition to her work with the Treasure Chest staff of this year.

Rosemary claims as her home state Kentucky and her home town is Bardstown.

The position as Editor of the Treasure Chest is one of high honor. Rosemary, to you we say "Congratulations".

BRO. LAWRENCE TAYLOR SHOWS FILMS

After the chapel service on April 2, Brother Lawrence Taylor, a former student of Freed-Hardeman, showed a film and made a talk about the Lord's work in Tripoli, Libya, North Africa.

Brother Taylor had been stationed there as a member of the personnel department for the U. S. Air Force. In his free time he began to work and finally found other members of the Lord's church. At first they met in homes but now have a building and are making much progress. However, Brother Taylor is now stationed in the states, so the church is in distress for a full-time teacher and worker among them. Will someone hear the "Macedonian call?"

F-HC STUDENTS APPEAR IN CONCERT

Music students from Freed-Hardeman, Lambuth, and Union participated in a concert given at Ellis Auditorium at Union University in Jackson recently. This concert was sponsored by the AAUW and proceeds went to the foreign student fund.

Those appearing from F.H.C. were Neal Pryor, Richard England, Mildred Youngblood, Clarice Cummins, and Martha Darnall. Neal played a selection on the trumpet; Richard accompanied by Martha Darnall sang two songs; and Miss Cummins and Mildred Youngblood played "Five Waltzes for Two Pianos".

A smile goes a long way, but you're the one who must start it on its journey.

IT'S HERE —

Hello there, you lovely, lovely people! It looks as though spring has sprung again, and isn't everything wonderful? It's worth a winter's wait just to see the beautiful trees and grass and flowers, and the bright and shining faces of the couples out enjoying these beauties of nature. The tennis courts are once again overflowing with enthusiastic boys and girls. The baseball diamond is likewise popular, and the clang of the horseshoes may be heard at almost any time of the day. Ah, what a life! Such beautiful weather, and nothing to do for the next six weeks but relax and enjoy it!

What's the matter? Oh, you haven't finished memorizing the parts of the frog for biology. Well, don't worry—you'll have it done in a few days and there'll be loads of time left to enjoy life. What? That isn't all? Oh, yes, that is a point—the Skyrockets will have to continue, spring or no spring.

Here's someone else—what's wrong with you? You say that you're on a committee for the junior-senior banquet? Besides that you're a Thespians, and there's a play coming up in a few weeks. Well, is there anyone else? Oh-oh, here come the chorus members. They have a few more trips—and look who's behind them—the baseball and tennis teams. They claim to have a full schedule until school is out.

Phew! That must be all. No, here's the band, and the voice and piano students. Concert and recital times are nearing. That has to be all. But no... the worst is yet to come. Here is the faculty insisting that classes must go on, or there will be no quality points or diplomas given out at the end of the year.

Well, life is like that. Work must go on, sunshine or no. You busy people will have to content yourselves just by knowing that outside the sun is shining, and the grass is green, and the sky is blue. If you can't seem to remember it, take off a minute or two in every lecture class to look out the window—it helps! Spring is a wonderful time of the year—even if you don't see much of it.

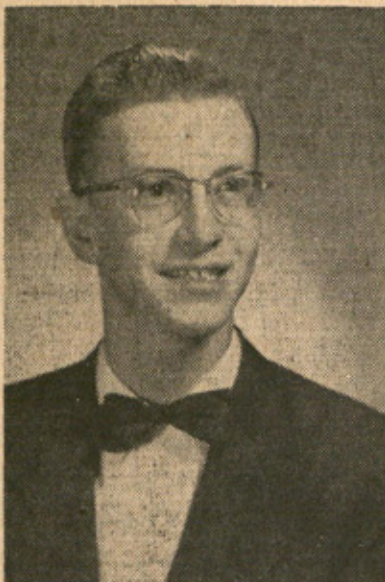

RECENT CHAPEL PROGRAMS REVIEWED

Programs with a musical slant have seemed to be dominating the chapel exercises lately. Miss Cummins along with Carey Baugus, Mildred Youngblood, Kenneth James and Margaret Rasbury presented an enjoyable program of piano music. Brother Doyle presented some of his voice students, Dixie Donnell, Leo Powers and Richard England in a recent program. A big treat was in store for all when the North Side Band of Jackson visited the school. These boys and girls presented a program of various musical numbers.

We certainly must make mention of the recent society programs. A very interesting play about the Prodigal Son was given by the Alpha Tau. On the comical side, the Sigma Rho's presented an impersonation of one of our prominent teachers, Brother Darnell.

We were glad to have been visited by Brother Owen Freeman with a splendid talk, and we also appreciated the facts and figures by Brother Witt on evolution.

Brother C. C. Burns, an evangelist of Flint, Michigan, presented an interesting "unfenced in" talk concerning the value of a postage stamp.

Neale Pryor

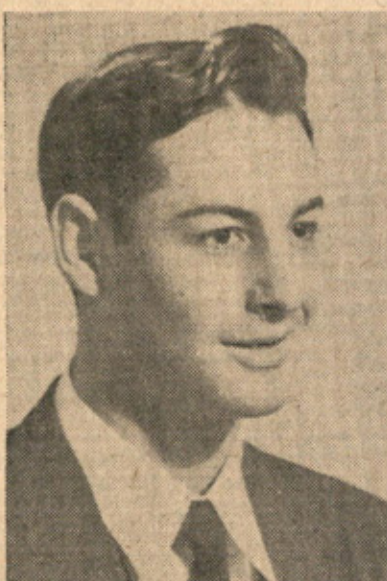

Martha Ary

Rene Thornton

Libby Harrison

Raleigh Wooten

Carolyn Sullenger

Honor Students At Freed-Hardeman Are Named; Will Graduate Soon

E. Claude Gardner, registrar has released for publication the names of the following honor students, those having compiled the highest average during their two or three years stay at F.H.C.

They are as follows: Neale Pryor, valedictorian, whose 2.92 average was highest. Neale hails from Mayfield, Kentucky. He is a member of chorus, band, Alpha Gamma Delta, Alpha Tau, and associate editor of the Treasure Chest. He is a preacher student.

Martha Ary, salutatorian, averaging 2.70 is from Newbern, Tennessee. She is a member of chorus, annual staff, Philos, Sky Rocket Staff, and Alpha Gamma Delta. She is a commercial major, and is a member of the Commercial Club.

Rene Thornton, an Alabamian, is third highest averaging 2.44. She holds the position as Business Manager for the Treasure Chest, a member of Alpha Gamma Delta, Commercial Club, Homemaker Club and Sigma Rho's.

These three mentioned above were highest. Bobby Holloway, a second year student, comes to us from Kentucky. He is a member of the Preachers Club, Sigma Rho's and is studying for the ministry. His picture was not available at time of printing.

Libby Harrison, a commercial major, who claims as her hometown New Albany, Miss., is a member of the chorus, annual staff, Sky Rocket staff and Phi-Kappas.

Raleigh Wooten whose home is Nesbit, Miss., is a preacher student and a member of the Preachers' Club.

Margaret Rasbury, whose hometown is Waynesboro, Tenn., is a member of the chorus, Thespians, Editor of the Sky Rocket, and Philomatheans. She is a music major.

Carolyn Sullenger from Flint, Michigan, an elementary education major, is a member of the chorus, Thespians, Alpha Gamma Delta, and Associate editor of the Treasure Chest.

Thirty-Three Students Make Honor Roll

The following students were placed on the Honor Roll for the Winter Quarter because of their earning a 2.5 to 3 quality point average:

Barbara Beck, Homer Picklesimer, Neale Pryor, Betty Rutledge, William Woodson, Martha Ary, Rosemary Kopel, Sara Dixon, Dixie Donnell, Donald Flatt, Dorothy Helm, James Meadows, Sallie Rogers, Carolyn Sullenger, Wilma Pounds, Yvonne Corzine, J. R. Collins, Dana Justice, O. D. Morrow, W. H. Wilbourn, Gail Howell.

Allene Eddlemon, Dorothy Landers, R. C. Stegall, Margaret Rasbury, Rene Thornton, Albert Robinson, Joe Hardin, Truman Scott, Mary Elna Coplin, Judith Pogue, Marie Hardin, and Betty Dyer.

Doing a job is like shaving — the longer you put it off, the harder it becomes.

Myself and I

I have to live with myself, and so I want to be fit for myself to know.
I want to be able, as days go by, Always to look myself in the eye. I don't want to stand with setting sun,
And hate myself for the things I've done.
I want to go out with my head erect;
I want to deserve all men's respect;
And hear for the struggle for fame and pelf,
I want to be able to like myself I don't want to look at myself and know
That I'm bluster, bluff, and empty show,
I see what others may never see, I know what others may never know.

ALPHA GAMMA DELTA

Five new members were chosen for membership in the Alpha Gamma Delta for the Spring quarter. These industrious individuals are: Mary Elna Coplin, Donald Flatt, Joe Hardin, O. D. Morrow, and Truman Scott. The basis of their selection were grades earned the winter quarter and preceding quarters, and their initiative and participation in extra-curricular activities. The Alpha Gamma Delta is proud to have these new members and considers them an asset to the organization.

Everyone knows how to register a complaint, but few can offer a graceful compliment; it takes practice.

SHOWING GRATITUDE

There has been a time in the life of all of us when we have failed to manifest a spirit of gratitude. Such was the case recorded in Luke 17, when Jesus healed ten lepers in the region of Galilee near Samaria. When they cried unto him for mercy, he instructed them to go show themselves to the priest and as they went, they were cleansed. One of them turned back and glorified God and gave thanks to Jesus, while the others showed no gratitude in the least. Jesus said "Were not ten cleansed? But where are the nine?" This one was a Samaritan, while the others were Jews. They refused to return and give glory to God when even a "stranger" did so. They are our examples of ingratitude which we are not to follow.

Sometimes those who are not of God's family manifest a more grateful attitude than Christians. We as God's children ought to be the happiest and most gracious people on the earth because of the hope we possess. But too many times we forget everyone in viewing ourselves alone and even fail to give God thanks for his bountiful blessings. My prayer is that God will aid all of us in increasing our appreciation for things both temporal and spiritual.

It is a mark of ingratitude for an individual to complain about things that make up his daily life, or his work or school life. Paul learned to be content in any state, and we would do well to seek the attainment. Instead of complaining about our food, clothing, or the regulations of school life, we should be praising God for our opportunity of enjoying such Christian association and wonderful instruction as seen both in the lives and through the word of those who have the responsibility of imparting knowledge unto us. I know that in fact we realize this is true, but our actions sometimes leave different impressions. Let's not forget that our parents (many of them) are making a sacrifice, and speak a word of thanks unto them. They will appreciate it, and it will help us develop an attitude conducive to Christian living.

Be as the one leper who returned to render thanks to Christ. By doing so, you will enjoy life more and be blessed as Jesus blessed the one who returned. Give thanks in our lives as well as in our prayers. (Col. 3:17).

By O. D. Morrow.

GIRLS' RELIGIOUS TRAINING CLASS

During the past month, due to the numerous chorus trips and other activities, the girls' religious training class met but twice.

A panel discussion on "Music in the Church" had been planned by various members of the class.

The subject which was of great interest to all, was carried on

THE GREAT COMMISSION

There are four alls of Matthew 28:18-20 that are interesting for study.

Jesus spake unto His disciples saying, "All power is given unto me in heaven and in earth." Jesus manifested His complete power in His healing such as the man with the withered hand, Mark 3; raising of the dead such as Jairus' daughter, Luke 8; and Lazarus, John 11, or the feeding of the five thousand; and many other miracles as walking on the sea and changing water to wine.

And then above all, after walking among men to teach the way of salvation, He arose from the grave as conqueror over death, II Tim. 1:10, Heb. 2:14. He possesses supreme authority.

It is with this supreme authority that we are to go teach Christianity. Jesus' conclusion is, "All power is given unto me..." "Go ye therefore and teach all nations..." Christ's religion is universal. He became the "author of eternal salvation unto all them that obey Him." He invites "whosoever will, let him take the water of life freely," and to us He says, go teach all nations, and extend unto every individual my invitation. And those who will accept the teaching, baptize "them in the name of the Father, and of the Son, and of the Holy Ghost."

Then he says continue to do my work by "Teaching them to observe all things whatsoever I have commanded you..." The baptized believer must keep the Lord's commands concerning the communion, giving, praying, reading the Word, visiting, teaching others and so on. By our observing, and teaching others to observe the things he has commanded us, we will grow in the grace and knowledge of our Lord and Savior Jesus Christ.

As we endeavor to teach all men by the complete authority of Christ, He promises, "and, lo, I am with you always, even unto the end of the world. Amen." With the Lord's commands there is the blessed assurance of His not forsaking us if we are busy serving Him. He is with us always.

May these few remarks encourage us to look on the field which is already white unto harvest, then to go forth as reapers of that harvest.

Don Osborne.

A good woman when she is good is the Lord's best work; but when she is bad, she's the devil's masterpiece.

"The fact that you are always harping on something is no sign that you are an angel."—Selected.

and developed in a very enthusiastic way. At the end everyone was given a chance to ask questions.

The next meeting of the class which had been planned before was postponed, because of the invitation the class had received from the Preacher's Club.

By Carolyn Daftary.

Summer School At Freed-Hardeman

June 1 to July 10

Prospective students are invited and urged to attend a six weeks session with nine quarter hours credit possible at Freed-Hardeman College from June 1 through July 10. Start your college education early.

CALENDAR:

Registration and formal opening June 1

Last day to change courses June 3

FINAL EXAMINATIONS JULY 3

COURSES OFFERED IN:

Science, and Mathematics

Bible, Business, Education, English, History, Geography,

EXPENSES:

Matriculation _____ \$3.00

Student activity _____ \$1.50

Maintenance _____ \$5.00

Tuition per quarter hour _____ \$4.00

Laboratory fees (same as for regular term)

Total without laboratory charges _____ \$45.50

Boarding students will arrange for rooms in the dormitories and meals at the College Inn on the Campus. Room and meals for the term will cost approximately \$45.00. Estimated cost of books is \$13.50 and supplies \$2.50.

The last day to register for full credit is June 3.

RESERVE YOUR ROOM NOW FOR EITHER

JUNE 1 OR SEPTEMBER 12

CLUB NEWS

EVANGELISTIC FORUM

This very beneficial organization is getting closer to the thought expressed in its name. On March 25 Brother John Nies-tadt told of his experience in New York city just before obeying the gospel, and how the influence at a summer camp, which is run by our brethren, was instrumental in his conversion from the Catholic church. He also related some facts on the conditions of that city. Then the floor was opened for questions. A goodly number enjoyed this meeting.

On Thursday evening, April 8, seven fine young preachers from the state of Michigan told of the Lord's work there. Jim Roberts, Frank Rester, Almon Williams and Martel Pace of Flint; Edgar Pistole and James Burns of Detroit; Guy Warner of Battle Creek and Bill Cox asking discussion questions, made up the interesting panel. Afterwards for about fifteen minutes the floor was open for questions and further comments.

It is a pity that some carelessly deprive themselves of the feast of good things discussed in the Evangelistic Forum.

PREACHERS' CLUB

Due to the unexpected change in plans of the Girls' Religious Training Class on April 2, the young ladies were invited to the rare treat of attending the Preachers' Club. We are happy that they came; the hour was inspiring to us all because of the several fine lessons brought by the young men.

PHILO NEWS

On a recent Thursday the Philos added their bit to the current Shakespearean Festivals taking place all over this country as well as in countries abroad in celebration of the immortal bard's birthday by portraying the "seven ages of man" as enumerated in his As You Like It. Each age from the infant in his nurse's arms to the old, old man sans teeth, sans everything was depicted by properly costumed characters to the accompaniment of appropriate

background music. The program was most entertaining for old Shakespeare through all the years has lost none of his appeal.

Among new members in the Philos are La Vertia Kendall, Laws Rushing, Sylvia Lee and Bill Bingham. We are very glad to welcome them into our midst.

Everyone is eagerly anticipating the outing which the Philos plan for the near future.

PHI KAPPA PICNIC

The rain didn't keep the Phi Kappas from having a wonderful time at Chickasaw on their picnic March 29.

Just ask Nancy, Porter, Judith and Doug if it was too wet to go hiking. You should have seen them when they returned, mud up to their knees. Or you might ask Marie Hardin and the gang she was with if it is possible to get lost out there. Yes, everyone had a wonderful time, then filled up on hot dogs.

HOMEMAKERS CLUB

The week of April 4-10 was Home Economics Week. The Homemakers enjoyed several programs in observance of this week.

We were fortunate to have Miss Sara Quinichet, Regional Director of Social Welfare, speak during Chapel on the important work of the Welfare Department.

On Friday, April 9, a film was shown to remind us of some of the dos and don'ts at a dinner party. Afterwards we put the suggested principles into action when we had dinner at the Skylark Restaurant.

COMMERCIAL CLUB NEWS

Do you need to borrow some money from a bank? If you do, you should have attended the Commercial Club meeting on March 25, for we had as our guests three bankers who gave us some very beneficial information on banking. They were Mr. Elton Rhodes of the First State Bank, Henderson, Mr. Kay Edwards of the National Bank of Commerce, Jackson, and Mr. Ed Terry of the First National Bank, Jackson.

The meeting was called to order by our president, Joe Hardin. Bro. Kay Edwards then led us in prayer. Mr. Terry gave an interesting and informative talk

(Continued on Page Three)

UNCLE DUDLEY

Well, it's time for another little visit with ye old friendly philosopher, Uncle Dudley. I got a letter from one of dem professors down at F.H.C. last week. He requested that I send him a copy of my latest book called "How to Play Tennis in 776 Simple Lessons." Robert, I insure you my book will help you and I hope you get revenge on the Lambuth coach. Oops! the letter was confidential. Glenda you can have a book free.

I was asked the other day to speak at a convention of the Society for the Prevention of Cruelty to Dumb Animals. I started to speak on "Why We Should Treat Bob Downey with a Little More Respect", but I decided to use the subject "Why Snakes Should be Handled Like Babies."

I noticed an ad in a leading magazine that went like this, "We buy old uranium. Make fabulous profits out of junk. Your attic, cellar, farm can be your fortune. We'll buy all the old uranium you can send us." Georgi Malenkoff, Commumo, Siberia.

Have you heard the latest from Skunk Hollow? That's where I live. They have another new sheriff, and boy, is he strong. Why, he has the strength of limburger cheese. He's the only person who has ever forced the outlaws, skunks, and the people out of town too.

To get to the serious side, we sometimes as all humans do, worry when there is no need. Cal Eforynya asked me some advice on how to stop worrying about certain problems of his. I told him to think about this little rhyme: For every problem under the sun, there is a solution or there is none, If there be one try to find it, if there be none never mind it.

To show you the fast rate of divorces among movie actors, I'll tell you this story. The other day an actress asked for a day off. The director replied, "Be sensible and reasonable. I can't give you a day off every time you want to get married. We'd never get through shooting."

Well, Spring has sprung and old folks, like me, is not immune to the effects, so I'll leave you boys and girls with this thought. If you are having love troubles, just remember what Shakespeare said: "The course of true love never did run smooth."

BRO. HARDIN REPORTS ON WORK IN AFRICA

A large audience gathered in the college auditorium on Tuesday evening, April 6, to hear an interesting speaker tell of the work, social customs, the political and social situation, and other activities of South Africa. Brother John Hardin, who entered that field in 1948, returned to America in October of 1953. He brought several lengthy films of the country, the Lord's workers and some of the experiences of the workers which he showed on this occasion. He too brings a "Macedonian call" for laborers, and moreover, for support of those who want to go.

A woman really isn't a good cook merely because she roasts her neighbors.

It would be fine for Mother if she could collect time-and-a-half for overtime.

It is better to be nobly remembered than nobly born.

Spring is here! Once more the white benches (plus the Sigma Rho bench) are placed on the campus again. Of course, you'll have a hard time beating Brooks Webb and Bertha Faught to them, but they are there.

Picnics are in full swing. Brother Darnall enjoys these as much as anyone because he can entertain the girls with his flips and somersaults. Of course, he'd rather be with a cute little blonde but since this last weekend — hum — we don't know. Seems like Max Patterson rates way up there. Maybe Lloyd and Martha could enlighten us a little on the subject.

This is the time of year when a young man's fancy turns to — love. Haven't you noticed the change that has come over Arnold? (Sue—too) Not only Arnold but have you noticed that Gentry's fancy has turned too—to Imogene.

Spring sometimes plays tricks and reverses things. Have you noticed the sudden switch that Nancy and Judy have made? We hope that Porter and Doug are not as confused as we are.

The Witty twins are certainly taking advantage of the Spring. Congratulations, Maggie and Gary! "Happy going steady." Maizie we hope that by the next issue of the Sky Rocket we will be able to congratulate you and Bobby.

Boys are again coming out of hibernation and dating again. Have you noticed all the new couples? Bobbie and Ken, Margaret and E. M., Marilyn and Wayne, Joyce and Walter, La Vertia and Bud er pardon me, Holloway, Arline and Gene, Nancy and Wilbrun, and Sylvia and Billy.

We never know exactly what to expect during Spring. Will Velma be with DeWayne or Bill? Will Dale and Lena Sue have a reconciliation. What color will Bobby Rutledge next dye his hair? Will Johnnie Thornton cut all of his off? Did Bobby Holloway and Red Wilder finally break down and have a date? (for further information, please see Rosemary and LaVertia) Rene Thornton will be seen next counting days. No, she isn't sick — she's just in love, and the big day isn't far off.

From these signs, we can see that Spring is indubitably here!

CHRIST, THE SAVIOUR

By E. Claude Gardner
Memorize Acts 4:12

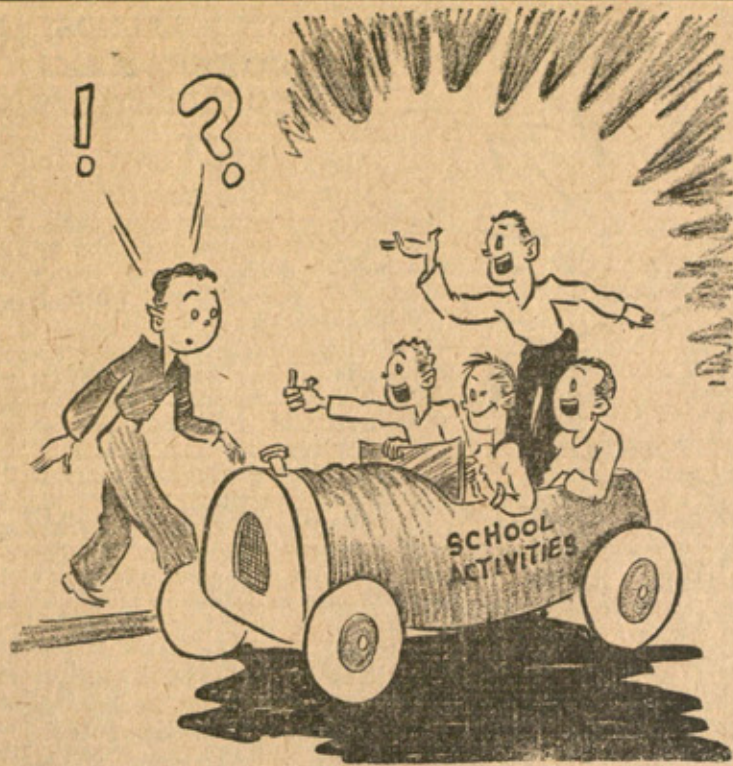

The Bible teaches that all accountable persons are lost unless they have obeyed the gospel of Christ (Rom. 3:23.) Bible writers declare that men are either saved or lost. "Few" will go to heaven, but "many" will go to hell. (Matt. 7:13-14). The only hope of doomed sinners is Jesus who is the One and only Savior of all men. If Jews and Gentiles are saved now and eternally, it must be through Christ who came "to seek and to save" the lost. (Lk. 19:10).

Friend, are you depending for salvation on your morality, good citizenship, influence, wealth, popularity, human institutions, etc., to carry you to glory? These are insufficient for it would have made Christ's coming emptiness. Accept this truth and live: Salvation is in Christ and in no other. "Neither is there salvation in any other." Acts 4:12.

Would you come to Christ? Would you like to be "added to the Lord?" The Bible reveals how in these passages: Gal. 3:26-27; Rom. 6:3-4; Acts 8:26-39.

KELLY DOYLE CARRIES MUCH WEIGHT AT F-HC

Strawberry, Arkansas means a lot in the life of Kelly Doyle, for here he was born on January 21, 1925, and here he gained much inspiration to make him what he is today. He graduated from grammar school at Strawberry in 1938 then moved to Hanford, California in 1940 where he finished high school. After graduating in 1942 he did work on fruit farms and with the cotton company in Hanford. He entered the Armed services in 1943 taking basic training at Cheyenne, Wyoming, then moving to Prince Rupert, B. C., Canada where he was stationed almost two years where he served as truck driver in a heavy trucking company. In 1946 he was discharged and returned to the states.

Kelley Doyle entered Harding College in the fall of 46 and attended David Lipscomb College in 1949 and 1950. He received a B.A. degree with a major in voice and theory and a minor in history. Summers were spent leading singing for meetings—an average of six per summer. At David Lipscomb he met his wife, Dorothy Farris, and they were married August 23, 1950. By the way, Mrs. Doyle was an honor student at F.H.C. in the class of 1948. In the fall of 1950 Bro. Doyle came to F.H.C. as head of the music department and Mrs. Doyle then served as Bro. Dixon's secretary and bookkeeper. Bro. Doyle attends Peabody College during the summers where he plans to finish his M.A. in music this summer or next. He has preached at Pottsville, Ky., four years and generally teaches two or three singing schools a year or leads singing for two or three meetings. He is widely known as conductor of the FHC chorus.

Bach is his favorite musician and he also especially enjoys Brahms Art Songs.

He plays badminton, croquet, some tennis, and likes automobiles; but his two latest hobbies are K. B. who is twenty months old and Celia Dean who was born April 12, 1954.

CLUB NEWS

on the history of banking, functions of the bank, places for women in banking, educational requirements, chances for employment and advancement, and expectations of the employees. One of the many impressive points given in this talk was that of the three expectations of employees: loyalty, integrity, and ability—loyalty seemed to be the most important. This, of course, does not decrease the importance of the other two.

A panel consisting of Glenda Wade, Racine Smith, Jean Richie and Dorothy Helm directed various questions concerning banking to these three able bankers. Questions such as "How do you investigate a person before granting a loan?" "Is the teller responsible in case a forged check is cashed?" "Would you consider a good farmer as good a credit risk as a merchant, or manufacturer?" "If a bank fails, does the depositor have any hope of getting his money back?" and "What are the duties of a person who is bankrupt?" brought forth valuable answers to all present.

We were happy to have several visitors present including Bro. Dixon and Bro. Gardner.

An apology is due our president Joe Hardin for the error in last month's Sky Rocket where he was reported as being vice-president. The correct list is: president, Joe Hardin; Vice-president, Tom Downey; Secretary, Yvone Corzine and Reporter, Dorothy Helm.

F-HC Chorus Maintains Busy Schedule; Sings In Various Places

Boy have we been working since you heard from us last. First we went on a singing spree to Bradford. There we stuffed ourselves with Bar-B-Q prepared by the Church members and then we were so full we could hardly sing. Brother Doyle said it was a good program considering . . . (45 Bar-B-Q stuffed kids trying to sing.) We really had a good time.

Next we made a trip to Jackson to record a program for The College Hour. Some of the voice students also had a part in the recording and were they good. Yes we enjoy singing over the radio even if it is a strain. After the Jackson trip, we made a flying trip to McKenzie the next Friday night and put on a radio program and then a program that night. We sang in the church building both times and it really was nice. We had a hard time singing for again those good people had fed us to the brim. After we had finished eating we looked at Bethel College for a while and then put on our big program that night. Again all that food made us breathe pretty fast—know why? Because Brother Doyle "sings us empty" and we just have to fill up somehow.

Well our last trip was to Middleton, where again we had all we could eat. You know I've never seen such good food. I've heard some of the girls say that if they keep going on these chorus trips, they will gain 20 pounds before school is out. But do you know something funny? They are certainly not wanting

to give all that good food up. My, My!

Our music on all four programs was much the same as the other programs except the last one at Middleton. The quartet, Max, Leo, O. D. and Leman, plus Brother Doyle and Richard sang two of the old time fa, sol, la songs. It was wonderful. We had a sweating good time, for it was really hot that night.

Well there's not any more news except Brother Doyle is a daddy again. We are all so very happy for him. We asked him what he had named her, and he said Cecilia Dean. Nancy Patterson hops up and says "Oh, you named her after Dean Roland, how sweet." Brother Doyle said no that he named her after his wife. Of course, we all look over our wonderful character, Nancy Patterson. (P. S. Brother Roland, I think that's a compliment even if it isn't right. Don't you?)

The greatest of faults is to be conscious of none.

Bethel Beats Freed-Hardeman To Open Season

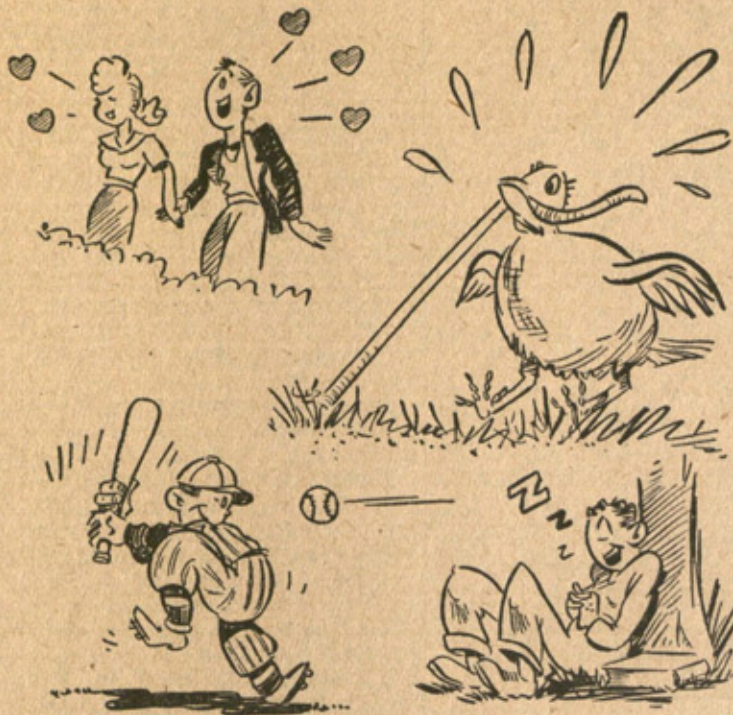

The first game of the baseball season was a poor one for the Lions. They entered McKenzie and the campus of Bethel College full of hopes that they might come home with a victory, but such was not to be.

With only four or five days of practice behind them, the boys from Freed-Hardeman were not a match for those of Bethel. The final score was 8-0. Ralph Black pitched the early innings and did a fine job until he tired and relief had to be brought into the fray. With more batting practice behind them, the Lions might have been expected to do a much better job.

One interesting sidelight of the game was that the pitcher used by Bethel College in the game happened to have been good enough to have pitched the summer before in the Class D Professional Kitty League. He was used against FHC because it was not a league game. He allowed only one hit which could be called a masterful piece of work.

One of these days I must go shopping. I am completely out of self respect. I want to exchange self righteousness I picked up the other day for some humility which they say is less expensive and wears longer. I want to look at some tolerance which is being used for wraps this season. Someone showed me some pretty sampels of peace. We are a little low on that and one can

SPRING IS HERE

never have too much of it. And by the way, I must try to match some patience that my neighbor wears. It is very becoming to her and I think it might look well on me. I might try on that little garment of long-suffering they are displaying. I never thought I wanted to wear it, but I feel myself coming to it. Also I must not forget to have my sense of appreciation mended, and look around for some inexpensive everyday goodness. It is surprising how quickly one's stock of goodness is depleted.

PHILO BOYS AHEAD IN VOLLEYBALL RACE

At the front of the pack in the race for the championship of the volley ball league can be found the Philomathean gentlemen. After losing their first game they have surged back by winning three straight games and by virtue of that are now to be found in first place. If they continue their present trend the Sigma Rhos, Phi Kappas, and Alpha Taus will have a difficult time catching up to them.

POPULATION TRENDS: WHAT DO THEY MEAN TO CHRISTIANS

By E. Claude Gardner

The American Association of Collegiate Registrars and Admissions Officers has just released a booklet on College Age Population Trends, 1940-1970 which is most revealing.

The statistics have definite implications for college officials throughout our nation, but an analysis and interpretation of the figures can and should be stimulating to elders, deacons, teachers, preachers, and to all Christians. Men of vision should be challenged to accept the responsibility of helping youth develop into God-fearing men and women.

What are the facts?

1. The birth rate in our nation is increasing rapidly. During the past six years, there have been about one million more births each year than the average during the decade preceeding.

2. In 1952 there were 7,862,161 young people of college age, but by 1965 it is predicted there will be 11,669,949, an increase of 48 percent. By 1970 there will be twice as many of college age.

3. The population increase for all of the United States during the decade 1940-1950 was 14.5 percent. The following states were the only ones to show a decrease: Oklahoma, North Dakota, Arkansas, and Mississippi.

What are Some Implications to Christians?

1. We should continue to expand the facilities of "our" colleges, secondary and elementary schools to meet adequately the needs of these children. Maladministration, a major catastrophe, insufficient funds, or indifference can prevent a Christian school from enjoying a phenomenal growth in the next few years. The flux will naturally be felt in the lower grades first. Since the present plants of the public schools will be taxed heavily to handle the increase, the private Christian schools can help relieve this situation. It is encouraging to see a number of such schools established in the last five years. We have reason to believe they will be successful and beneficial. In due time the enrollments in the Christian colleges will swell. If this is generally understood, it will result in more financial support for the colleges by the individuals. It is common knowledge that industry and businessmen have been taxed to the point of discouraging generous contributions to educational institutions. Hence, Christians should be educated to the real problem faced.

2. Since twice as many will be eligible for college in a few years, it is obvious more will attend somewhere. We should survey the field with the view of establishing more Bible Chairs at State Universities.

3. Church houses and classrooms should be built large enough to accommodate the increase we can expect.

4. More immediately, we have additional millions of children to be influenced to attend Bible classes and potentially to become Christians. Our Sunday Bible study can take on new vigor with a sharp increase in enrollment provided we work to get these children to attend. Perhaps most converts in our time come from youth, but yet there are so many others we can reach if we would but try. It is impossible to know the value of these souls.

5. The church has had a remarkable growth in the last 15 years, but we must keep in mind the growth of the nation. In places the church has not kept pace in ratio with the increase of population. For example, surface observation may indicate the growth of the church in a city which has seen 5 new congregations in 10 years, but really this may not be so astounding when the population increase has been considered.

6. It pays great dividends to plan for the future. We should not wait until a crisis hits us since we have the data before us

F-HC Trounces Lambuth 20-10

The Lions came out raring for the second game of the season and fairly "walloped" the team representing Lambuth College by the amazing score of 20-10 (what it was wasn't football).

The Lions teed off in the very first inning and crossed the plate with four runs after two were out. Lambuth tied up the game in the second inning and it was a see-saw battle for about three innings. Then the Lions began pulling away on doubles by Wayne Sams (three of them) a home run by James Allen and five hits off the bat "Cannonball" Eubanks. Ralph Black allowed only four hits throughout the length of the game, but occasional wildness accounted for the ten runs. Aaron Herron added three hits to help the grand old cause.

This game was quite a bit different from the first one played. It seemed that the Lions wanted revenge and they took it on the team which came along first. Let us hope this spirit of vengeance will be kept. On the basis of this game we can expect many happy returns of the day through the season.

PHI KAPPAS TIED WITH ALPHA TAUS IN GIRLS' VOLLEYBALL

There's a close contest emerging in the intramural games of volley ball among the girls of the different societies. At present the Alpha Taus and Phi Kappas are tied in the won-loss column. Everyone is nervously awaiting the outcome of this gruelling duel. If the Alpha Taus come up with a victory here it would be a long step forward in their attempts to gain the trophy for the second straight quarter.

In third place the Philos are hanging on to slim hopes. In fourth the Sigma Rhos seem to have little chance of overtaking the leaders.

whereby we may plan effectively and sagaciously. "Where there is no vision, the people perish." Proverbs 29:18.

Are we willing to assume our rightful share of responsibility to provide the opportunities for the on-coming generation? Shall our attitude in this be that which is revealed in this poem?

THE BRIDGE BUILDER

An old man traveling a lone highway,
Came at the evening cold and gray,
To a chasm vast and deep and wide.

The old man crossed in the twilight dim,
For the sullen stream held no fear for him,
But he turned when safe on the other side,
And builded a bridge to span the tide.

"Old man," cried a fellow pilgrim near;
"You are wasting your time in building here.
Your journey will end with the closing day;
You never again will pass this way.
You have crossed the chasm deep and wide,
Why build this bridge at eventide?"

The builder lifted his old gray head;
"Good friend, in the path I have come," he said,
"There followeth after me today,
A youth whose feet must pass this way,
This stream which has been naught to me,
To that fair-haired youth may a pitfall be.
He, too, must cross in the twilight dim,
Good friend, I am building this bridge for him."
