

Mr. and Miss F-HC Chosen Buchanan, Dale Hold Title

By Sheila Smith

February 16, the students of F-HC bestowed the college's highest honor on two of its sophomores. Marilyn Buchanan was chosen Miss F-HC and John Dale was chosen Mr. F-HC.

Marilyn comes to F-HC from Chattanooga, Tenn., where she graduated from Red Bank High School. While in high school, she was the treasurer of the Lioness' club, secretary of the Red Cross, and a member of the Bible Club. Her senior year she was named the "quietest" in senior opposites.

Since coming to F-HC, she has been active in extra-curricular activities including Evangelistic Forum, SNEA, student council, and GRTC, of which she was president last semester. She is a member of the Philomathean social club and was chosen Miss Philo.

Even with her studies and other activities, she still finds time for her hobbies: knitting, softball, and ping pong.

Marilyn is an elementary education major and plans to attend Harding college to get her teacher's certificate to teach fourth grade.

When asked to tell what Freed-Hardeman college means to her, she said, "F-HC has been a blessing to my life and I'm thankful for an opportunity to be a part of it. It becomes a part of your life before you realize it. I feel the influence of Christian leadership, and friendship here will go with me throughout life. I don't see how anyone can leave here without being a better person."

How does it feel to be Miss F-HC? "The honor of Miss F-HC is something that I feel so deeply, but just something that I can't put into words. It's an honor I never dreamed would be mine, and I'm grateful to so many," was her reply.

Mr. F-HC, John Dale, graduated from E. W. Grove high school in Paris, Tenn. John was active in high school functions; he was editor of the school newspaper, president of the Key club, vice-president of his junior class, secretary of his senior class, and was chosen wittiest and friendliest in the senior class.

John is a Bible major at F-HC and preaches for the New Liberty

congregation near Paris. He plans to return for the third year program next year before transferring to Harding College.

At F-HC, he still participates in many school activities. He is a member of the Preacher's Club, Evangelistic Forum, is vice president of the student council, and is a member of Phi Kappa Alpha social club, of which he was vice president last year.

His favorite pastimes include bowling, badminton, watching "Amos 'n' Andy," and mimicking.

"Bro. Frank Van Dyke expressed it better than I ever could when he said, 'Thou art a blessing to our lives.' F-HC is a true blessing to my life," was John's statement about F-HC.

John's reply to the question, "How does it feel to be Mr. F-HC?" was this, "I feel unworthy, yet I'm deeply thankful."

Series Scheduled By Foy Wallace

Foy E. Wallace, will conduct the sixth annual lecture series for ministerial students at F-HC March 8-10.

Mr. Wallace will speak twice daily, in a combined chapel at 10 a.m. in Bader Gym, and in the college auditorium at 7:30 p.m., except Wednesday night, which will be held at the Henderson Church of Christ.

The Bible department is in charge of these special lectures for preacher students and others who may be interested. The main purpose is for the training and interesting ministerial students.

An appreciation dinner, honoring Mr. Wallace, will be March 10 in Bader Gym at 5:30 p.m. Preaching students from F-HC will attend as guests of the college. Others may purchase tickets for \$1.50 from W. A. Bradfield, Director of Public Relations at F-HC.

Mr. Wallace began preaching at 15. Fifty of his 65 years have been spent in preaching the gospel. He is still actively engaged in conducting meetings.

130 To Campaign During Holidays

Spring vacation for 130 F-HC students and five teachers will be spent in campaigns for Christ.

Dale Buckley, acting head of the business department will carry 20 students to Greenville, N. C., on March 19. They will travel by car to Knoxville, Tenn. There they will spend the night with members of the church. Saturday, they will drive on to Greenville.

The faculty members accompanying Mr. Buckley will be Grant Newton, Gene Hibbett, and Clyde Woods. The church there is sponsoring them. It is a missionary church of 25 members.

"This is the first campaign in this area," Mr. Buckley said, "and we are confident that this effort will help plant the cause of Christ more firmly in this place."

Mr. Buckley has led two campaigns already since he has been at F-HC. Last year he went to Grandville, Mich., with 20 students. Tom Holland, teacher in the speech department, is taking 20 students to Monroe, La., on March 20. He has campaigned in Danville, Ill., for the last two years. A car caravan from Monroe will come for them Friday and bring them back the following Saturday. The campaign is sponsored by the College Town Church of Christ.

"This is the first campaign in this area to my knowledge," Mr. Holland said, "but we are sure that we will have a good campaign."

Jerry Langford, sophomore ministerial student, from Mich., is organizing a campaign of 90 students, for Atlanta, Ga. It will be sponsored by the Forrest Park, Church of Christ where Malcolm Hill is the evangelist.

"I believe each student will benefit greatly," Jerry said, "by going on this campaign."

The campaigns will canvass the towns, passing out tracts and inviting people to attend the meetings. They will start cottage meetings and enroll people in Bible correspondence courses.

The students who plan on going are now meeting on Tuesday, Wednesday, and Thursday at five o'clock in preparation for the campaigns. They are using "Following Through For Christ," by Fred Walker, as a textbook.

F-HC Squad Win In Sweepstakes

The squad from F-HC won the Sweepstakes Trophy at the Tennessee Intercollegiate Forensics Association 1966 State Championship Tournament held at Memphis State University on February 17-19.

Second place in total points went to David Lipscomb College and third place to Middle Tennessee State University. Eleven Tennessee colleges competed in the tournament.

F-HC won first and second places in lower division debate, first and second places in after-dinner speaking, three third place awards, and three certificates of excellence in the tournament.

Ray Pederson was rated the best lower division debater. Ray and his brother Larry were the lower division championship debate team. Second place team in lower division debate was Terry Sellars and Sidney Fulford.

Terry also won a certificate of excellence in men's original oratory and Sidney won a second place trophy in after-dinner speaking.

Mrs. Anne Davidson Retires After 50 Years Of Service

By Doris Denny

This year as a teacher at F-HC Mrs. Anne Davidson is ending her career in the same building where she spent nearly 50 years teaching high school.

As a child Miss Anne, as her students often call her, loved to play school and she always wanted to be the teacher. She started teaching in a small country school in the western part of Chester County. But most of her teaching was done in the high school which used to occupy the present GRC building.

In recalling that first school, Miss Anne said that it was a small frame, one room building with wooden desks that seated two people.

"There was a table for the teacher, a hand bell, a water well outside an outhouse, and" she smilingly remarked, "a black, black board."

In this first school which she had to walk one and a half miles to reach, she taught such subjects as, reading, arithmetic, United States History, grammar, and geography.

When she took the school Mrs. Davidson was only 17 or 18 years old. At that time she had not completed her schooling at F-HC. She attended classes at F-HC for four years with two years equal to high school work.

Miss Davidson also reminisced about the time N. B. Hardeman was County Superintendent and assigned her to a school no one else would take. She took the school without having a home in which to

board. On the Monday morning school was to begin Miss Anne walked up to a strange house and said, "I just have to have a place to stay." And there she stayed for the rest of the year.

Laughingly she recalled the time she asked in class for the feminine form of "lord" and was given the answer "Christ."

At the age of 21, Miss Anne started teaching at Rutherford High School. During her first year there she taught such varied subjects as English, Latin, plane geometry, and algebra. Her classes went straight through from 8 a. m. till 4 p.m., with eight or nine periods a day.

A few of the many changes in education which Mrs. Davidson has seen are, the introduction of science, art, and music classes, the switch to a shorter school day with fewer periods, the trend toward specialized teaching, and perhaps most noticeable the change to attractive class rooms.

When asked if she had any advice for those entering the teaching profession she said, "Get a good education before starting to teach, develop a keen sense of humor, be professional in your attitudes toward fellow teachers, and always remember that the school exists for the benefit of the pupil."

After retiring, her plans include traveling, if possible, and enjoying her new stereo and her old friends. She still wants to maintain an active interest in this community and its schools, but she laughingly stated her immediate plans for the future were to do, "just as little as I can."

The Skyrocket

Published monthly by the Skyrocket staff of Freed-Hardeman college, Henderson, Tenn., and entered at the post office at Henderson as second class matter under act of Congress, August 25, 1912.

Man Finds What He Seeks

When you first meet a person, what is your impression? What is your general opinion?

Is your first reaction consistently, "I like him, he's friendly, intelligent, and courteous," or do you think, "I don't care for that bird, he's just not what I want to associate with."

Opinions of other people are colored by our own prejudices. It is difficult to see a clear day through a girmy window.

The old story has often been told of an old farmer out West sitting on the front porch whittling on a piece of wood. A covered wagon pulled up to the front of the house and a man stepped down and asked the farmer, "What kind of people live around here? My family and I are looking for a good place to settle down."

The farmer thought a minute and slowly replied, "What kind of people were there where you come from?"

The man snapped, "They were a bunch of no good snobs. That's why we left."

The farmer still whittling said, "You don't want to settle here then. The people here are the same way."

The man turned, climbed into the wagon and moved on.

Shortly afterwards another wagon pulled in front of the old farmer's house. A man stepped out of the wagon with a smile and greeted the farmer, "Hello. Could you tell me about this community? Is it a good place to live? What kind of people live here? My family and I are looking for a place to settle."

The old farmer paused in his whittling and asked, "What kind of place and people did you move from?"

"Oh, we were very happy there and the people were the best there is. We hated to leave them, but I couldn't support my family as well there as I can out West."

The farmer laid down his whittling, stoop up, gave the man his hand and said, "This is exactly where you want to settle. The people here are just the same as the ones you left."

What made the difference? Did a few hours between the visits change the community to a paradox of what it was before?

Man finds what he is looking for and finds it wherever he looks for it.

American Offers Student Half-Fare

High school and college students throughout the nation are signing up for travel at half fare on American Airlines.

The far-reaching new American Youth Plan, approved recently by the Civil Aeronautics Board, was to become effective Jan. 27.

Key to nationwide, half-fare travel for anyone from age 12 to 22 is the Youth Fare Identification Card. The cards are available at \$3 each from American's ticket offices from coast to coast, representatives on hundreds of college campuses, some travel agencies and from a special mail-order center at the airline's New York headquarters.

Officials of the airline said that more than 33,000,000 young Americans are in the eligible age bracket.

The nation's two largest hotel chains — the Sheraton and the Hilton — have announced they are backing the plan and will give card holders special rates and privileges under a wide variety of conditions.

Any holder of an identification card can purchase, on a standby basis, a ticket for travel anywhere on American Airlines' domestic system. Qualification for which offers legal proof of age, the card is simple; any document and three dollars, are all that's needed. The card may be purchased by mail, and validation will be made at the American Airlines installation the card holder uses to make his first trip. Validation, of course, calls for proof of age.

As part of the plan, American Airlines is producing a 64-page booklet, to be distributed free, entitled "Go Go American," which explains the plan and perhaps equally important, gives the card holder a look at the country from the teenage point of view or where the action is. In addition, the book has up to \$200 worth of discount coupons for amusement parks, restaurants, etc. around the nation.

In New York and Los Angeles, on January 27, American was to open teen lounges in its terminals at Kennedy and Los Angeles International Airports, especially designed and equipped places in which card holders can assemble and relax before their flights.

The American Youth Plan also is a direct contribution to President Johnson's "Discover America" program, offering 33,000,000 young Americans a chance to see their country at the lowest travel rates ever offered. At the same time, the plan is available to any foreign youngster between 12 and 22 and this, Sadler said, could add heavily to the list of overseas visitors this year.

This is the way the plan works:

1. American's Youth Plan was to become effective on January 27. From that time on, any holder of a Youth Plan Identification Card may purchase a ticket, at half the jet coach fare, for travel anywhere on American Airlines' domestic system on a standby basis. He or she will be boarded after regular revenue passengers and military standbys.

2. Youth Plan Cards are now available at any American Airlines ticket office. In addition, they may be purchased by mail, from American Airlines, Youth Plan Headquarters, 633 Third Avenue, New York, N. Y. 10017. These cards must be validated, using legal proof of age, at any American Airlines ticket office before first use.

3. "Go Go American," the 64-page booklet detailing the "action areas" for teenagers around the country, is available at American Airlines ticket offices, or by mail, from Youth Plan Headquarters. The booklet is free.

4. A special campus program is being staged by the National Employment Services Institute which maintains representatives at hundreds of colleges and universities throughout the country.

5. The Youth Fare plan will not

NEWS WINKS

By ALAN WHITTEN

Missing, One H-Bomb

On January 17, a B-52 bomber collided with a jet tanker while refueling, touching off an international incident. The B-52 was carrying four unarmed H-bombs (probably of 20 megatons' power), of which three were recovered. The fourth, lying in the Mediterranean off the coast of Palomares, Spain, has been ringed with secrecy. A small armada of U.S. ships have converged on the scene to prevent a remote chance that the bomb might fall in the hands of a hostile power or underworld gang. Meanwhile, an all-out underwater search is being carried on by two small experimental submarines, deep sea divers, and frogmen.

Great (?) Society

President Johnson's Great Society welfare revolution is being pushed ahead with still more for everybody. During the last Congressional session, 321 Presidential requests were passed, "some of them very hastily," according to Senate leader Mike Mansfield. Furthermore, Public Law 801 (passed in 1956) stipulates: "When ever any unit of the executive branch recommends expansion, costing more than a million dollars a year . . . it must forth . . . the maximum expenditures for all purposes." In a canvass of Congressional committees, only three instances were found in which the administration fully complied with this statute.

In 1955, federal case expenditures totaled \$70.5 billion, but this year the figure will be almost double that amount 53.6 per cent of it going into welfare state activity. By 1975, according to economist Leonard Lecht of the National Planning Association, the cost of "all the national goals that our political mentors have declared desirable . . . will be \$150 billion more than the economy can produce." A cry is beginning to be heard around Washington that the record of old welfare programs is one of wastefulness compounded by inefficiency. But as long as a voter can be defined as one with his left palm out and a ballot in the right, there is little hope the situation will change.

Viet Nam Big War

A "new strategy" is to be employed by the U.S. in Viet Nam. President Johnson is now admitting it will be a long war and approved a big four-pronged offensive "carrying the risk of engaging Red China." But, he vetoed all out air attacks on Hanoi and Haiphong with blockade of the North and expansion of the war to cut down the Communists operating in neighboring Laos and Cambodia despite assurances by military leaders this would bring about a decisive victory in less time with fewer than 600,000 troops.

The AFL-CIO are making definite plans to boycott all ships of all nations which trade with North Viet Nam. In a telegram to the

President the unions said: "Trade with North Viet Nam puts blood money in the pockets of . . . so-called allied nations . . . We believe the time for pussyfooting is long past."

In their hearts do they now know who was right?

Clay, I-A

At the end of this year all colleges are to submit the class standing of all students to the selective service boards. But, fellows, look at the bright side; as a 1-A you'll be in the same class as such fine, outstanding gentlemen as Cassius Clay.

The Big Bad Wolf

Despite the Johnson Administration's attempts to prevent price increases, wholesale and retail levels are creeping upward steadily. However, the minimum wage is likely to be raised from \$1.25 by Congress this session. And a little inflation can't hurt anybody, or can it? At present our nation's top economists are in sharp disagreement while those now in power behind the economic steering wheel are whistling. Who's Afraid of two per cent a Year Inflation, though conceding two and a half would be bad. Concerned about slowly being robbed of your green backs' buying power? It so, you're in a minority.

Next President?

In the latest Gallup Poll pollsters were asked: If the election were today and Mr. Humphrey and Mr. Nixon were the candidates, "which would you like to see win?" The result: Mr. Humphrey, 47%; Mr. Nixon, 45%; undecided, 8%.

F-HC Squad Wins —

(Continued from Page 1)

ing. The first place award in after dinner speaking went to Lonnie Davis, who also won a certificate of excellence in men's oratory. Third place certificates went to Ray Pederson in men's oratory, Larry Pederson in men's impromptu speaking, and Randy Warren in men's extemporary speaking. Nita Ferguson won a certificate of excellence in women's original oratory. Other students representing F-HC were Faires Austin and Rena McClain.

First and second place trophies for the various events and the Sweepstakes Trophy were presented to the college in chapel on Monday, February 21. The forensics squad was coached by Gerald Fulkerson, sponsor of the Intercollegiate Debate Society. They were accompanied to the Memphis tournament by David Thomas and Tom Holland. The participants and judges from F-HC stayed in homes of members of the Highland Church of Christ in Memphis.

Every student is encouraged to write for the SKYROCKET. Book reviews on recent works are wanted. Contact the editor or Porter King.

Loud Noise In Dixon Hall Creates Girls' Concern Reward Is Offered

Wanted — a Sherlock Holmes! Reward is being offered by the DIXON HALL GIRLS to anyone who can discover what the thump heard about 2 a.m. might be. Third floor residents felt sure the girls in 208 and 210 were beating on the ceiling until second floor residents asked them why they chose such an hour for jumping rope! This dilemma has been the cause of much concern.

With a little help left over from the spirit of Valentine's Day, students at F-HC have lately found romance rating high on their active lists.

Prompted by an ever-so-large box of chocolates, LINDA LYLES gave EARL TAYLOR the nod, and the SKYRACKET staff understands she is now studying under the handicap of a broken finger.

Hardly as edible as candy, but just as meaningful to LINDA YOPP and JANE FREEMAN, were red roses. "Flowers are always appropriate" say DAVID LAWSON and ED McCLELLAN.

BILLY LONG, a little uncertain about the correct thing to give, seemed to have gotten the season of the year mixed up. Instead of a heart—JODY WARDLOW received a pink bunny!

Dixon Hall's own Aunt Jemima, JANICE LINVELL is due credit for her pancakes while BARRY TAPP and DAVID WALLACE share the spotlight for hot dogs in Paul Gray. After much probing these chefs told reporters their secret of success—how they achieve the "just like mother used to make" flavor — they use pop corn poppers!

JANICE NICHOLS recently set a record when she asked JOHN PARKER for the 1000th time when her pictures were getting back. She had just started on her second

thousand when the photographs arrived.

At the suggestion of several friends, ROSCOE MALONEY decided to put an end to his being "The Great Unknown" on campus. While pondering in chemistry lab, how to gain some recognition, his partner, DIANE CLEMENT, provided the solution. After the chemical explosion neither Roscoe nor Diane remains obscure!

While students of HOYT KIRK'S health class gained practical experience in first aid by reviving RON TUCK and RONNIE SARVER both of which fainted during a class film, some felt the two had gone a bit far to get an "A".

Jim Reece appearing a bit nervous the other day was asked about his condition. In reply Jim stated he had witnessed a "murder" in room 120 of the new dorm. For more information on this alarming situation see JAMES WILCUTT or GARY BOLING.

Many solutions from many people throughout the years have been offered on ways to control tempers. The most common node, that of counting to ten has now been outdated by Coach Dick Stewart, who suggests losing your teeth before losing your head.

Stealing anything, especially sugar is frowned upon by the faculty and administration of F-HC. When it was announced during the lectureship that someone had "stolen Mrs. W. A. Bradfield's sugar," quite a search was undertaken and the culprit was sought. Who was this culprit and what were his motives? It was not until after the Alabama Christian ball game that the truth was discovered—DON GREER had been a victim of circumstances!

Cupid's Arrow Strikes- Couple Plan Wedding

Sandra McMillon and Bob Oliver the couple recently selected as Freed Hardeman College's 1966 Valentine Royalty, know the meaning of Cupid's arrows!

Sandy is an elementary education major from Chattanooga, Tenn., and Bob is a Bible and history major from Henderson.

While in high school, Sandra was a member of the National Honor Society, FHA, Library Staff and Usher staff. She served as vice president of the Red Cross Council, Military Sponsor, and was a member of the Glee Club and Girls' Trio.

At F-HC she is a member of the Treasurer Chest Staff, GRTC, and Music Club. Sandy is an active member of the Eupathian Social Club of which she was secretary last semester. Besides keeping busy with her duties and with Bob, she works as secretary for John McDonald.

Attending high school in Johnson City, Tenn., for two years and graduating from Clawson High School, Clawson, Mich., Bob was active in concert and marching bands, playing the trombone and the baritone.

Also interested in publications, Bob served on the newspaper and yearbook staffs and was a member of the Science Club, Chorus, and Drum and Bugle Corp of R.O. T. C. He played Varsity baseball.

Campus activities at F-HC include being past president of the Eupathians and student council representative. Bob is a member of the Preachers' Club, Evangelistic Forum, and science club.

The couple works with the Cliff Creek Church of Christ near Brownsville, where Sandy teaches a teenage class and Bob is serving as full time minister.

Upon being asked of their feelings concerning the Valentine Couple election, the two replied, "It's the nicest way of being together."

Both Bob and Sndy plan to continue their college careers after being married August 12.

Runners-up for the royalty were

Sandy and Bob pose as Valentine Couple

Gay Lemmons and Jere Hargrove and Jill Epperson and Larry Pederson.

Gay's greatest interest in high school at Bell City, Mo., was dra-

matics, and she participated in many county and state contests. Also ctive in FHA, Band, Chorus, and Student Council, she was Valedictorian of her class.

At F-HC, Gay's greatest interests are Jere and the Phi Kappas, She is also a member of the French Club and Chorus.

Jere graduated from Cookeville High School, Cookeville, Tenn., where he played football four years and served as president of the JETS vice president of the Delta Phi Delta Fraternity, he was a member of the Beta Club, C-Club, and the Science Club.

Being president of the Phi Kappa Alpha Social Club occupies most of Jere's time, and he is also a member of the college chorus.

This runner-up couple is not taking second place in their affections they plan to be married March 19.

An elementary education major from Haleyville, Ala., Jill was a high school cheerleader, a member of the Beta Club, FTA and Science Club. She was elected to Who's Who and served as Class Favorite for two years.

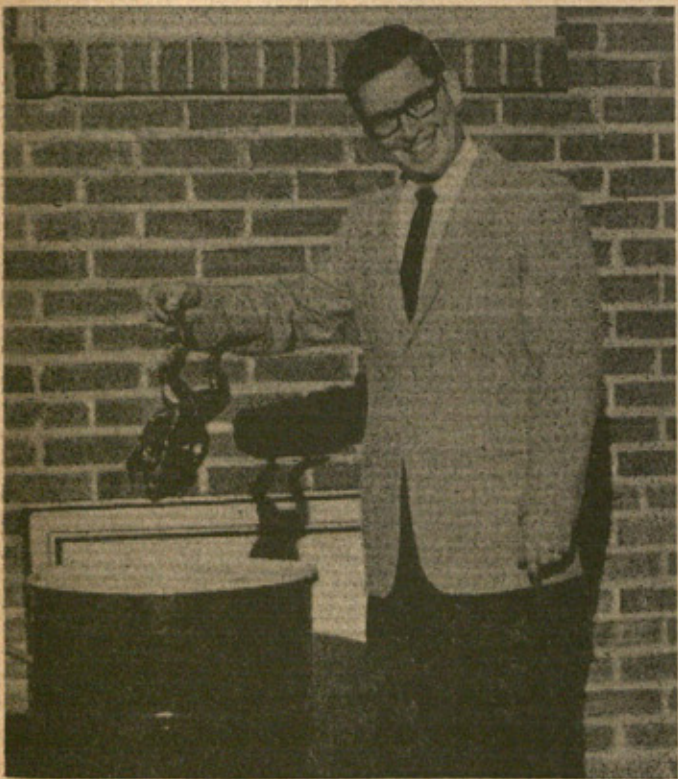

Besides being Alpha Tau Lambda Sweetheart, Jill is presently a member of GRTC and the Music Club.

Larry, a graduate of Hialeah High School, Hialeah, Fla., is a Bible and speech major. Pre-college activities included the Tri-M Club, Key Club and orchestra and marching Band. He also served as vice-president of the NFL in high school.

Well known as president of the Debate Society and president of the Alpha Taus, Larry is also a Phi Rho Pi.

his degree in botany.

Miss Gail McClain, who is now teaching in Memphis State University will take his place on the F-HC faculty here.

Milton Tucker will leave in June to work on his degree in Botany

Respected Biology Teacher To Work On Botany Degree

Milton Tucker, F-HC biology teacher, will leave in June to further work on his degree in botany.

Mr. Tucker came to Freed-Hardeman from Carthage, Texas, in 1958 as a student. He belonged to the Sigma Rho Social Club, which he presently co-sponsors.

While here, he met Patricia Ann Bingham of Scotts Hill, Tenn. They were married in 1960.

At Memphis State University, Mr. Tucker received his B. S. in science, and from the University of Wisconsin, he received his M.A.

After a year of farming in Texas Mr. Tucker came back to F-HC as an instructor in general Biology. His students say that he is capable, sincere, and dedicated.

Being a sports enthusiast, Mr. Tucker enjoys both school and club teams. The educator also preaches for the Salem Church of Christ in Salem, Tenn.

"He's a fine young man, an able young man," H. A. Dixon, president of Freed-Hardeman College, said, when asked of Mr. Tucker.

His colleagues find him quite able to handle his job.

One of Mr. Tucker's biggest interests is farming. He hopes to be able to farm, at least part-time, during his lifetime.

"Farm life is my love and I would like for my family to live on farm," said Mr. Tucker.

An example of his devotion to God would be something such as in class, "Now, how could anyone

look at this and say there isn't a God?" His years at state colleges haven't weakened his faith.

The Tuckers now live at 459 Hill Ave. in Henderson.

He came to F-HC in 1965 as a faculty member. He has taught General Biology for the two last semesters.

Though he enjoys his work here, he says that he feels the need for further education.

H's frineds are aware of his devotion to his work, his fellowman, and to his God.

Many nights one can pass the Science Building to see a lonely sight as Mr. Tucker sets up the next day's experiment.

"I enjoy my work, here at Freed-Hardeman," says Mr. Tucker, "and I am grateful for my year as a teacher here."

In June, he will return to the University of Wisconsin to work on

F-HC Greats Remembered Murdaugh, Brock '37, '40

By Billy Cong

This week Freed-Hardeman will journey to Hiawasse for the regional playoffs, starting toward selecting a national junior college champion.

The first team the Lions encounter will be Southern Union Wednesday afternoon at 5:00. F-HC will next play the winner of the Southern Baptist-Martin game.

F-HC has ridden the glory road in years gone by, and some notable events have transpired in its long history. In 1935 F-HC was ranked number one in Tennessee by the Nashville Banner, and number three in the South by the Commercial Appeal. That year the Lions had won the regional and went to Denver, Colorado, where they were beaten three points by Lehi, Utah in the finals.

During these years F-HC was playing many four year colleges and universities such as: U-T, Memphis State, Vanderbilt, and Alabama, and defeating them under Coach Stewart's leadership.

The Lions won the Mississippi Valley Conference (MVC) in 1937 and Jim Murdaugh score a one game high of 78 points to break the world's record of 75 points that had stood since 1912. F-HC won that game over Bethel 115-30. Jan. 11, 1938.

Murdaugh averaged 40 points

Gymnasts Coming Pemm Club Treat

By Jody Wardlow

The Abilene Christian College Gymnastics team will perform in Bader Memorial Gym March 29 at 8 p. m. Coach Kirk and the Pemm Club have secured the team for an hour long gymnastic exhibition.

Director of the team is Ben Zich-efoose, and this year the ACC team is widely acclaimed for their gymnastic prowess.

General admission will be 50c with pre-school children admitted free. The Pemm Club will use this money toward their project.

Coach Kirk says, "This is a show that everyone would enjoy, and besides, it is for a worthy cause."

This will be the first appearance of the Abilene Christian college gymnastic Wildcats in this area. Their performance consists of a tumbling exhibition and acrobatic feats similar to those performed by the F-HC Griffins.

Phi Kappas Win Swimming Meet

By Jody Wardlow

The Phi Kappa girls took first place in the intramural swimming meet. When the tally was taken, the Phi Kappas had tallied 39 points followed by the Eupathians with 21. Third place was taken by the Alpha Taus with 20 points and fourth place by the Sigma Rhos with 18.

The inner tube race was won by Darst (EP), Sims (SR) second, and Bumpus (PK) third.

The side stroke was won by Underwood (PK), Sims (SR) second and Kretzer (AT) third.

Winners of the elementary back stroke were Sims (SR) first, Darst (EP) second, and Clampet (PK) third.

Winning the American Crawl was Crawford (AT) followed by Cannon (PK) and Starling (AT).

The 25 yard free style event was taken by Kay Kidd (EP) followed by Jody Wardlow (PK) and Starling (AT).

The 75 yard medley relay was won by the Alpha Taus whose team consisted of Crawford, Starling, and Duncan. Taking second

place was the Sigma Rhos with team members Wilson, Sims, and Billingsly.

The 100 yard shuttle relay was taken by the Eupathians whose team consisted of Darst, Downey, Kidd and Barker. Second place winners were Alpha Taus with team members Miller, Kretzer, Starling and Crawford.

Winning the breast stroke was Cannon (PK) with Underwood (PK) and Johnson (PK) taking second and third places respectively.

Winners of the diving were Underwood (PK), Lawson (PK) second and Sims (SR) third.

Phi Kappa's were in first place in the boys intramural swimming February 24, 1966.

The events held were the elementary back stroke, American crawl, side stroke, free style, breast stroke, innertube race, 75 yard medley relay and 100 yard shuttle relay.

Winners of the back stroke were Fowler Ross (PK) first, Ed McClellan (PK) second, Ronnie Sarver (SR) third.

Side stroke was taken by Joe

Williams (AT) 1st, Ken Shepherd (Philo) 2nd, and Gary Hundly (AT) 3rd.

75 yard Medley relay was won by the PKA's with the AT's taking 2nd, 3rd and 4th.

Larry Bone (AT) won the free style followed by Jimmy Tuck (PK) and Larry Almon (Philo) taking 2nd and 3rd respectively.

Winning the innertube race was David Wallace (PK) and 2nd place went to Don James (AT) and 3rd place to Steve Flatt (PK).

In the breast stroke event Fowler Ross (PK) took first followed by Earl Taylor (AT) 2nd and Gary Hundly (AT) 3rd.

John Ed Glover (PK) won the American crawl followed by Jimmy Tuck (PK) and Larry Bone (AT) taking 2nd and 3rd respectively.

The 100 yard shuttle relay was taken by PKA winning 1st, 2nd, and 3rd.

When the final figure was added the PKA's had 48 points followed by the AT's with 30 points.

American Offers —

(Continued from Page 2)

year when heavy passenger loads will cut the availability of seats for standbys. These would include, in 1966, April 7 (Thursday before Easter Sunday); Nov. 23 and 27 (Wednesday before and Sunday after Thanksgiving Day, and Dec. 15 through 21.

"Hadn't you rather be in Summer Session?"

Sure you had!

Summer is no time to "hang around" home like the Scarecrow in the *Wizard of Oz*. Of course those lazy, hazy days will tempt you, but like the Scarecrow says, "... it is worth a lot of bother to be able to think properly."

As you consider an educational summer, reflect on the words of a friendly crow to the Scarecrow—"Brains are the only things worth having in this world, no matter whether one is a crow or a man."
